## GERMANS THINK ALLIES SEVERE

SPA, Belgium, July 8.—(By The Associated Press.)—The joint allied German conference on the terms of the peace treaty reached another critical point today. The Germans have until noon tomorrow to say whether they will accept the Franco-British plan of disarmament. The alternative is contained in the specific threat that the allies will occupy the Ruhr or other territory if Germany cannot or does not accept.

No Decision Reached.  
The German cabinet of which seven of the nine members who are here held meeting which continued from 5:15 this afternoon until 8. No decision was reached and the council adjourned until tomorrow morning.

The prevailing view among the Germans was that the allies had carried their demands, particularly the menace of occupying of further German territory much beyond any provision of the Versailles treaty and also of the allies are taking up aggressive positions not contemplated by any clause of the treaty.

The disarmament note was communicated to Berlin early in the day at Chancellor Fehrenbach's request with the direction that it be submitted to the Reichstag and to the leaders of all the parties whether supporters of the government or the opposition. Herr Fehrenbach asked for the view of the Reichstag and the party leaders, but said that the decision would rest with the cabinet now at Spa.

Private negotiations are reported to be going on tonight between Premiers Lloyd George and Millerand on the one hand and Dr. Simons of the Germans, but this could not be clearly established. Dr. Simons left the cabinet meeting soon before it ended. It was said he had gone to meet the allied premiers. The final decision of the allies sets forth that Germany must:

First—Immediately disarm certain of its forces including the security police.

Second—Publish a proclamation asking for the immediate surrender of all weapons and firearms in the hands of the civilian population.

Third—Abolish immediately compulsory service.

Fourth—Surrender to the allies, all arms, guns and cannon which it possesses above the limit fixed by the treaty of Versailles.

The allied decision concerning disarmament reads: "If on October 1, the German army is not reduced to 150,000 the allies will proceed to occupy German territory in the Ruhr or any part of German territory and will not evacuate it until all the conditions of the present agreement have been fulfilled."

Chancellor Fehrenbach, Dr. Simons and Herr Gessler, left the conference in an agitated state. The chancellor immediately called a meeting of the German cabinet.

Telephonic communication was opened with Berlin and the substance of the allied decision communicated to the foreign office with instruction to have Ministers Koch and Runer call together some of the leading men in German public life and consider the allies' demands and later inform the German cabinet her of their point of view.

## Progressives of the 1912 Ticket Will Support Republican Party

MADISON, Ohio, July 8.—Assurances that the national Republican ticket would have the united support of progressive leaders of the 1912 campaign were given to Senator Harding today by Walter F. Brown of Toledo. In a conference they discussed plans for the campaign and especially the part the progressives would take in it.

Mr. Brown was chairman of the Ohio state progressive committee in 1912 and at the recent convention acted as the senator's floor manager. He is also a candidate for the Republican senatorial nomination to succeed Senator Harding.

"Without exception the old Roosevelt leaders are supporting Senator Harding and Governor Coolidge," said Mr. Brown to newspapermen.

Mr. Brown said he told the senator of a private dinner given in New York last Thursday and

## MAKING PROTESTS AGAINST ORDER ASSIGNING CARS

Commerce Commis-  
sion Told Rule is  
Ruinous

## WANT ALL ROAD MATERIAL MOVED

WASHINGTON, July 8.—Declaring their business to be threatened with destruction, representatives of nearly a dozen industries today asked the interstate commerce commission to revoke or modify its order requiring railroads to accord preference to coal mines east of the Mississippi river in the assignment of open hop cars.

Speaker after speaker at the open hearing declared his business would be forced to close down and his employees thrown out of work unless the order was rescinded or modified. There were no indications however, that the commission would make any change in the order.

## MAKE PROTESTS AGAINST ORDER ASSIGNING CARS

Commerce Commis-  
sion Told Rule is

## WANT ALL ROAD MATERIAL MOVED

WASHINGTON, July 8.—Declaring their business to be threatened with destruction, representatives of nearly a dozen industries today asked the interstate commerce commission to revoke or modify its order requiring railroads to accord preference to coal mines east of the Mississippi river in the assignment of open hop cars.

Speaker after speaker at the open hearing declared his business would be forced to close down and his employees thrown out of work unless the order was rescinded or modified. There were no indications however, that the commission would make any change in the order.

Industries protesting included those manufacturing or dealing in crushed stone, cement, sand, gravel and lime and also general building contractors. Daniel Willard, chairman of the advisory committee of the association of railway executives, declared in defense of the order that the priority of service favoring the more essential commodities was necessary to relieve the present freight congestion.

## Cooperation Needed.

No suggestion for the modification of the order was made by Mr. Willard who on the contrary urged cooperation between shippers and local car service companies for shipment of freight on the return movement of the cars to the mines. He said he did not believe it would be necessary to "wholly curtail the movement of any particular business."

He suggested that shippers seek to eliminate delays in the movement, that they load the cars to minimum capacity and forego consignment. Intimation that the fight would be carried beyond the commission in case of refusal to modify the order was given during the hearing by V. P. Johnson of the National Sand and Gravel association.

John Rice, representing the National Crushed Stone association, asserted road contractors were facing bankruptcy as a result of the commission's order.

Thomas McDonald, appearing for the federal bureau of highway construction and several state highway commissions urged that 2,000 cars be available daily for moving road building material.

State highway commissioners and representatives of various industries will continue the plea tomorrow.

## CHARGE HUSBAND WITH PLOT TO END HER LIFE

Mrs. Addis Huber Snow Says  
Husband Instigated Plot—Told  
of Schemes to Carry Out Plot.

Washington, July 8.—Presenting testimony to support her charge that her divorced husband, Chester A. Snow, wealthy patent attorney instigated a plot to end her life, Mrs. Addis Huber Snow at a preliminary hearing today in federal police court outlined three methods she alleged he had considered.

Mrs. Snow said Mrs. Edna P. Acker, private detective, who with Snow and Hugh M. Langdon, chauffeur, was arrested on a charge of being implicated in the alleged conspiracy had confessed to her that one plan was to bring about her fall from the top of a high building or cliff. Another method discussed, she testified, was the administering of poison, but both schemes she charged were abandoned in favor of a plan to drug her during an automobile ride. The machine, Mrs. Snow declared Mrs. Acker had admitted was then to be wrecked making it appear she had been killed in the accident.

## UTAH TEACHERS FOR DELEGATE PLAN

Vote to Work for Its Adoption by  
N. E. A.—Springfield Man De-  
clares for It.

SALT LAKE CITY, Utah, July 8.—Several hundred Utah teachers tonight voted endorsement of the "delegate plan" of re-organization for the National Education association and agreed to work for its adoption in the business meeting tomorrow. The scheme is the chief issue before the present convention.

Margaret Talep of Chicago, leader of those who oppose re-organization attended the meeting but did not speak. Hugh S. Merrill of Springfield, Illinois, field secretary of the association declared that without re-organization it was possible for the teachers of the locality where the annual meeting was held to control that meeting. Utah, he said, could balk large in tomorrow's business meeting or even control it.

Howard R. Driggs, of Chicago, made a strong appeal to the Utahans to use this control to adopt the new plan and make it impossible for any locality "never to pack a convention again."

## DAY COAL MINERS REFUSE TO WORK

Mines in Eleven Localities Thru-  
out State Have Closed—Union  
Head Threatens Strikers.

Springfield, Ill., July 8.—Coal mines in eleven localities in Illinois have closed because their "day men" refuse to work at the present wage scale, according to reports received here today. The day men demand the same increase as diggers and engineers receive. Mines affected whose output aggregates 20,000 tons a day are at Taylorville, Nokomis, Thayer, Nashville, Decatur, Kincaid, Lovey, Stonington, Hewittville, Langley and Jerseyville. President Farrington of the state miners' organization has threatened the strikers with expulsion from the union unless they return to work.

## ROBBERY PLOT IS ADVANCED BY POLICE

Investigating Shooting of Wife  
of Former Lieutenant—Woman  
had Driven \$1,500 From  
Bank Two Days Before Shoot-  
ing.

CHICAGO, July 8.—A robbery plot in connection with the shooting of the wife of Lieutenant Carl Wanderer and a strange man in the vestibule of the Wanderer home on the night of June 21, was a new theory advanced by police tonight following their interrogation today of the Lieutenant.

They declared they had discovered Wanderer had withdrawn \$1,500 from a bank only a few days previous to the shooting which they added was later found in the Wanderer home. Police said Wanderer had told them he had planned to re-enter the army and Police Sergeant John Norton added he was working on the theory that the Lieutenant "might have decided to frame up a robbery of his wife and get the money."

In another statement today Wanderer admitted, according to the police that both guns used in the shooting were his. Fred Wanderer and John Hoffman, cousin and brother-in-law, respectively, of the Lieutenant, were released today after questioning.

## UNITED STATES WILL BE REPRESENTED

WASHINGTON, July 8.—The United States will be represented unofficially at the Brussels financial congress under the league of nations on July 23, Secretary Houston announced today.

The representatives of this country whom Mr. Houston said would not be government officials will be chosen within a few days. The conference will discuss economic conditions of the various nations, the secretary said and suggestions for working out the reconstruction problems of the different countries are expected to result.

## NO INVESTIGATION.

## CLAIMS COAL SHORTAGE TALK NOT WARRANTED

Coal Association Di-  
rector Gives Reas-  
suring Figures

## SCHEDULE IS ABOVE NORMAL

WASHINGTON, July 8.—Assurance of an adequate supply of coal to meet all domestic requirements during the coming months was given today by George H. Cushing, managing director of the American Wholesale Coal association who declared reports of an impending shortage were unfounded. The public, he said, is panic stricken without reason or excuse.

"There is no shortage of coal," Mr. Cushing stated. "There is no danger of any such shortage. Therefore there is a reason, but no excuse for the current high prices in the open market. The reason is we have had too much governmental agitation of the danger of famine."

## Too Many Bidders

He declared that for the past eight months, "there has not been a day or even an hour when some governmental agency was not agitating about coal predicting a famine." Prices, he said, have reached the highest peace time level in history because those who need coal are "frantically bidding against each other in every market."

Declaring he had investigated nearly every alarmist report, Mr. Cushing added, "not one of them will stand scrutiny of analysis." He predicted that the consumption of bituminous coal during the coal year beginning last April 1 would not exceed 530,000,000 tons—10,288,000 tons a week.

## Ahead of Schedule

"The present assumption," he continued, "is that unless we reach this average weekly consumption in the early weeks of the coal year we are rushing headlong into a shortage of coal. That has not been true in twenty-five years. It is not true this year. The records of the coal trade are that with the exception of 1917 and 1918—war years—we never reached in production the figure equal to the required weekly average production until the middle of August. This year we reached it in the second week in June. Thus our production is eight weeks ahead of schedule. That doesn't look like an impending famine."

He also declared unfounded "alarmist reports that New England, New York City and Chicago had in storage only a two days' supply of coal. An investigation made by the president's coal committee, he said, showed that the total storage for New England, exclusive of the railroads was sufficient for thirty-eight days and that the statement as to conditions in New York and Chicago was "merely a wild guess."

## URGE INTER-CHURCH PLAN BE CONTINUED

NEW YORK, July 8.—The general committee of the Interchurch World Movement meeting here today to consider the future of the organization, voted to continue the movement on a greatly modified scale. Appointment of a committee of fifteen to confer with representatives of the denominations co-operating in the movement and to recommend a plan of re-organization, was authorized.

The decision of the general committee, which includes representatives of the thirty Protestant denominations in the movement, was reached by adoption of a report of a sub-committee of eleven, headed by Bishop Thomas Nicholson of Chicago.

Bishop Nicholson, in urging continuance of the movement, declared "reactionary tendencies" which he said were shown in the two national political conventions "will be manifest in the churches if we permit this movement to end."

## NINE JURORS SELECTED.

## ELKS CLOSED THE BUSINESS SESSION OF ANNUAL CONVENTION

Installation of Officers Pre-  
ceded a Dinner to 1,000  
Members

## STEAKS FROM AN ELK WAS SERVED

CHICAGO, July 8.—B. P. O. E. closed the business sessions of their annual convention today, installed the newly elected officers and decided to launch an immediate membership drive to increase the total of the order's members from 700,000 to 1,000,000.

William M. Abbott of San Francisco, succeeds Frank L. Rain as grand exalted ruler. Milwaukee won the baseball championship of the order from Chicago today by a 16 to 15 score.

In a band contest with nearly 100 organizations competing the band of the Detroit lodge took first money. Milwaukee as second and Atlanta, third.

To carry out the announced plans for an increased membership, the membership committee as increased.

In installation of officers today preceded a dinner to 1,000 members at Morris and Company's plans. Steaks were provided from an elk brought from the west. A dance at Chicago's Municipal Pier provided part of this evening's entertainment.

The Grand Lodge decided to continue for another year at least the work of the order's war relief commission. Recommendation that 20,000 acres of virgin land be acquired in the Cascade Mountains near Bend, Oregon, to provide a hunting and vacation preserve for Elks, as voted today by the committee on the good of the order. Final action will be taken at the convention in Los Angeles next year. A report will be made by Irvin Cobb who will inspect the site.

## "BOOTLEG" LIQUOR CAUSE OF DEATH

CHICAGO, July 8.—Private William Pike of New York is held charged with stabbing Private Sam Chesser of Detroit at Fort Sheridan while intoxicated. Private Ivan Fox of Galena, Kansas, also is in custody. The stabbing was said to have occurred during a brawl. As a result of the soldier's death a crusade against "bootleg" liquor purveyors near Fort Sheridan was announced by army authorities.

## MAY HAVE ANOTHER PROHIBITION TICKET

CHICAGO July 8.—A prohibition ticket may be put in the field again this fall, according to Virgil G. Hinshaw, chairman of the prohibition national committee, who declared today the Democratic and Republican parties "had failed in living up to the standards demanded by American people in forty-five states," in omitting a plank indorsing the eighteenth amendment. Decision as to a ticket will be made, he said, at the national convention to be opened in Lincoln, Nebraska, on July 21. For the first time one session will be given over to a law enforcement mass meeting. World prohibition will also be discussed and woman's hour will be the theme of another session.

## MILLIONAIRE CREW STARTS BACK HOME

New York, July 8.—The "millionaire crew" which brought the Scandinavian-American Liner Frederick VIII here two weeks ago rolled up to her Hoboken pier in taxicabs and limousines today, went back to stokehole and fore-castle and started back home with the vessel—the first sail for Copenhagen in five months.

The crew, members of some of the oldest and wealthiest families in Denmark, enlisted for duty during the Copenhagen harbor strike and altho the walkout ended shortly before the Frederick VIII sailed for America, they stuck to their jobs.

## Gov. Cox Visits His Boyhood Home Way Down On the Farm

DAYTON, Ohio, July 8.—Putting aside cares of being a presidential candidate, Governor Cox spent this afternoon on a farm, his boyhood home thirty-six miles from Dayton.

Newspapermen found him with his coat off, roasting potatoes and broiling lamb chops over a camp fire in a small ravine some distance from the old homestead. His farm manager was with him. Taking the intrusion good naturedly he invited his visitors to share the luncheon but finding it would take more potatoes, chops and sandwiches than he had, he sent one of his men for more. Luncheon finally was served late in the afternoon.

The governor answered many questions concerning his early boyhood on the farm and discussed many phases of farming. At the governor's suggestion the "pasture club" was formed including himself and the score of news writers and camera men. Mrs. Cox did not accompany him on the trip, which was made by automobile.

Governor Cox intimated he may

## LA FOLLETTE NOT POPULAR WITH SINGLE TAXERS

Oppose Him as Lead-  
er of Proposed Third  
Party

## THOMPSON TO REMAIN IN G. O. P.

CHICAGO, July 8.—Plans of a group of liberal and radical organizations for one united third party with candidates for president and vice president in the field, received a setback today when single tax party members announced they would not support Sen. Robert M. LaFollette who is expected to be the choice of the other groups.

The single taxers who arrived today to prepare for their convention, which opens Saturday declared they would bolt the combine and nominate a separate ticket if the majority chose LaFollette.

While the single taxers were threatening to present their own ticket, Amos Pinchot and George L. Record of the committee of 48 were in Madison, Wis., today conferring with LaFollette who has received a majority of a mail straw vote of the party.

Numerous Organizations.  
The committee of 48 and single tax conventions open Saturday and on Sunday the labor party of the United States, another prospective member of the proposed third party combination, meets here. The National Non-Partisan League, triple alliance of the Northwest, National People's League of Minnesota, World War Veterans and National public ownership league have been invited to send delegates and later endorse the platform and candidates.

"The committee of 48 has a wonderful opportunity to create the long looked for new political party in America," said J. C. Reis, single tax committeeman from Pennsylvania, "but LaFollette will certainly be the wrong one to follow. I do not believe there is one delegate to the single tax party convention who could stomach LaFollette and I am sure those from my own state are against him to a man. LaFollette's political history is replete with the material for even Socialist legislation which the single tax party unalterably opposes."

Thompson Not Interested.  
Plans for the committee of forty eight convention went ahead, however, unaffected apparently. J. A. H. Hopkins, National Tidewater, another headquarters in a downtown hotel where the convention will be held, and several score of delegates from a number of states reported. Announcement was made today that Mayor Thompson's faction had abandoned the idea of joining a third party movement in Illinois.

Sympathizers of the Irish Republic among third party men let it be known tonight that a plank favorable to the Irish cause would be submitted for incorporation on the platform of the committee of forty eight. A questionnaire sent 2,100 members of the committee showed according to an announcement sentiment against reference to the Irish question.

## SENATOR HARDING UNABLE TO ATTEND

Detroit, Mich., July 8.—Senator Harding will be unable to address the Great Lakes-St. Ignace "Tide-water" congress which opens here July 22 and continues three days, owing to the pressure of his campaign plans, he told the board of commerce in a telegram tonight. The senator expressed a deep interest in the lakes-to-ocean project and asked that a complete report of the congress be made available to him.

An invitation was also extended Governor Cox, the Democratic presidential nominee.

make an early reply to the telegram of Richmond P. Hobson, Anti Saloon League leader of Alabama requesting that he make a definite statement of his position on enforcement of the federal dry amendment and congressional action to modify the Volstead act as to alcoholic content of liquors.

It also was intimated he may go to Washington soon for a conference with President Wilson. Telephone conversations with Secretary Tumulty have been held during the past few days, it was said.

The civic demonstration in his honor will be held July 16, interest now is turning to his conference with the sub-committee of the national committee and F. D. Roosevelt, vice presidential candidate which probably will be held Saturday. The governor will make no speaking engagements until he has conferred with the committee. Hundreds of invitations to make addresses have been received.

Messages of congratulation continue to arrive by the hundreds.

Will H. Hays and T. Coleman DuPont of Delaware were to have arrived tomorrow to discuss plans for his notification but it was said tonight they might not reach Marion until Saturday.

Mr. Hays is expected to spend Sunday with the senator. Announcement was also made that Senator Cummins of Iowa would arrive Saturday to discuss campaign plans with the nominee.

Senator Harding was today advised that two additional baby boys had become namesakes of his. One is the son of F. A. Lebarber, a newspaperman of Harrisburg, Ill., and the other a son of P. F. Callahan of Marion.

## MAKE PROTESTS AGAINST ORDER ASSIGNING CARS

Commerce Commission Told Rule is  
Ruinous

## WANT ALL ROAD MATERIAL MOVED

WASHINGTON, July 8.—Declaring their business to be threatened with destruction, representatives of nearly a dozen industries today asked the interstate commerce commission to revoke or modify its order requiring railroads to accord preference to coal mines east of the Mississippi river in the assignment of open top cars.

Speaker after speaker at the open hearing declared his business would be forced to close down and his employees thrown out of work unless the order was rescinded or modified. There were no indications, however, that the commission would make any change in the order.

Industries protesting included those manufacturing or dealing in crushed stone, cement, sand, gravel and lime and also general building contractors. Daniel Willard, chairman of the advisory committee of the association of railway executives, declared priority of service favoring the more essential commodities was necessary to relieve the present freight congestion.

Cooperation Needed.  
No suggestion for the modification of the order was made by Mr. Willard who on the contrary urged cooperation between shipper and local car service committees for shipment of freight on the return movement of the cars to the mines. He said he did not believe it would be necessary to "wholly curtail the movement of any particular business."

He suggested that shippers seek to eliminate delays in car loading by loading the cars to minimum capacity and forego consignment. Intimation that the fight would be carried beyond the commission in case of refusal to modify the order was given during the hearing by V. P. Johnson of the National Sand and Gravel association.

John Rice, representing the National Crushed Stone association, asserted road contractors were facing bankruptcy as a result of the commission's order.

Thomas McDonald, appearing for the federal bureau of highway construction and several state highway commissions urged that 2,000 cars be available daily for moving road building material. State highway commissioners and representatives of various industries will continue the plea tomorrow.

## CHARGE HUSBAND WITH PLOT TO END HER LIFE

Mrs. Addis Huber Snow Says  
Husband Instigated Plot—Told  
of Schemes to Carry Out Plot.

Washington, July 8.—Presenting testimony to support her charge that her divorced husband Chester A. Snow, wealthy patent attorney instigated a plot to end her life, Mrs. Addis Huber Snow at a preliminary hearing today in federal police court outlined three methods she alleged he had considered.

Mrs. Snow said Mrs. Edna P. Acker, private detective, who charged that her divorced husband Chester A. Snow, wealthy patent attorney instigated a plot to end her life, Mrs. Addis Huber Snow at a preliminary hearing today in federal police court outlined three methods she alleged he had considered.

## UTAH TEACHERS FOR DELEGATE PLAN

Vote to Work for Its Adoption by  
N. E. A.—Springfield Man Declares for It.

SALT LAKE CITY, Utah, July 8.—Several hundred Utah teachers tonight voted endorsement of the "delegate plan" of re-organization for the National Education association and agreed to work for its adoption in the business meeting tomorrow. The scheme is the chief issue before the present convention.

Margaret Talep of Chicago, leader of those who oppose re-organization attended the meeting but did not speak. Hugh S. Nagill of Springfield, Illinois, field secretary of the association declared that without re-organization it was possible for the annual meeting was held to control that meeting. Utah, he said, could balk large in tomorrow's business meeting or even control it.

Howard R. Driggs, of Chicago, made a strong appeal to the Utahans to use this control to adopt the new plan and make it impossible for any locality "ever to pack a convention again."

## DAY COAL MINERS REFUSE TO WORK

Mines in Eleven Localities Thru-  
out State Have Closed—Union  
Head Threatens Strikers.

Springfield, Ill., July 8.—Coal mines in eleven localities in Illinois have closed because the "day men" refuse to work at the present wage scale, according to reports received here today. The day men demand the same increase as diggers and engineers receive. Mines affected whose output aggregates 20,000 tons a day are at Taylorville, Nokomis, Thayer, Nashville, Decatur, Kincaid, Lovey, Stonington, Hewittville, Langley and Jerseyville.

President Farrington of the state miners' organization has threatened the strikers with expulsion from the union unless they return to work.

## ROBBERY PLOT IS ADVANCED BY POLICE

Investigating Showing of Wife  
of Former Lieutenant—Woman  
Had Drawn \$1,500 From  
Bank Two Days Before Shooting.

CHICAGO, July 8.—A robbery plot in connection with the shooting of the wife of Lieutenant Carl Wanderer and the man in the vestment of the Wanderer home on the night of June 21, was a new theory advanced by police tonight following their interrogation today of the Lieutenant.

They declared they had discovered Wanderer had withdrawn \$1,500 from a bank only a few days previous to the shooting which they added was later found in the Wanderer home. Police said Wanderer had told them he planned to re-enter the army and Police Sergeant John Norton added he was working on the theory that the Lieutenant "might have decided to frame up a robbery of his wife and get the money."

In another statement today Wanderer admitted, according to the police that both guns used in the shooting were his. Fred Wanderer and John Hoffman, cousin and brother-in-law, respectively, of the Lieutenant, were released today after questioning.

## UNITED STATES WILL BE REPRESENTED

WASHINGTON, July 8.—The United States will be represented unofficially at the Brussels financial congress under the league of nations on July 23, Secretary Houston announced today.

The representatives of this country whom Mr. Houston said would not be government officials will be chosen within a few days.

The conference will discuss economic conditions of the various nations, the secretary said and suggestions for working out the reconstruction problems of the different countries are expected to result.

## NO INVESTIGATION.

Williamson, West Virginia, July 8.—There will be no investigation of the shooting at Borderland, where miners were fired upon from a mountain-side yesterday, unless further developments warrant it, Judge Damron of the county court here, stated today. There have been no further disturbances in the region today.

SAN FRANCISCO, July 8.—Senator Hiram W. Johnson today said he had received a "very cordial" telegram from Senator William G. Harding, Republican presidential nominee.

"Further than that I have nothing to say," Senator Johnson remained.

## INVESTIGATING FUEL SITUATION IN IOWA

Gov. Harding Does Not Believe  
Fuel Administration Would  
Help Matters in His State.

Des Moines, Iowa, July 8.—Gov. W. L. Harding of Iowa, simply acknowledged receipt of the message from Governor Burnquist of Minnesota today seeking cooperation in asking President Wilson to appoint a temporary fuel administration.

Governor Harding said he was investigating the situation in Iowa. What information had come to his office on the fuel situation in Iowa he said, caused him to believe that at this time the conditions are fairly good, and unless later reports changed he did not believe a fuel administration would help in this state.

## KANSAS GROCERS FACING TROUBLE

Receipts, Fines and Ouster  
Asked Against Thirty-Eight  
Firms—Charge Combination in  
Restraint of Trade.

TOPEKA, Kans., July 8.—Receipts, fines and ouster from the state are asked in proceedings filed in the Kansas supreme court today against 38 wholesale grocery concerns. The proceedings are brought by Richard J. Hopkins, attorney general, under the Kansas antitrust law. The supreme court immediately issued an order restraining the companies, officials and employees from removing or obliterating records or correspondence that might substantiate the charges made.

Technically the grocers are charged with entering a combination in restraint of trade. Mr. Hopkins charges that the alleged agreements and combinations were made thru the Missouri-Kansas Wholesale Grocers' association, of which the defendants are alleged to be members.

## INVESTIGATION GOES ON IN ELWELL CASE

NEW YORK, July 8.—Search for a "payroll" said to have been kept by Joseph B. Elwell and for a later will than that filed for probate today marked a new turn in the investigation into the mysterious murder of the wealthy turfman and whist expert last month.

Banks with which Elwell kept funds were asked to furnish transcripts of his accounts for several months prior to his death. Evidence that he had been paying one woman \$50 and another \$400 a month is being investigated.

Assistant District Attorney Talley related today some of Elwell's "tips on how to handle women" as told by him, he said by the horseman's trainer. One was particularly admired. Then he would tell other women how much he liked her and continue apparently to avoid her.

"This invariably brought the woman he wanted to the point of seeking him," Talley added.  
Santa Fe, N. M., July 8.—Elbert W. Blaneett's long fight for his life in which he was aided by the pleas of his mother, ended in failure today when Governor Larrazolo refused his attorney's petition for a ninety day reprieve.

## CLAIMS COAL SHORTAGE TALK NOT WARRANTED

Coal Association Director Gives Reas-  
suring Figures

## SCHEDULE IS ABOVE NORMAL

WASHINGTON, July 8.—Assurance of an adequate supply of coal to meet all domestic requirements during the coming months was given today by George H. Cushing, managing director of the American Wholesale Coal association who declared reports of an impending shortage were unfounded. The public, he said, is panic stricken without reason or excuse.

"There is no shortage of coal," Mr. Cushing stated. "There is no danger of any such shortage. Therefore there is a reason, but no excuse for the current high prices in the open market. The reason is we have had too much governmental agitation of the danger of famine."

Too Many Bidders  
He declared that for the past eight months, "there has not been a day or even an hour when some governmental agency was not agitating about coal and predicting a famine." Prices, he said, have reached the highest peace time level in history because those who need coal are "frantically bidding against each other in every market."

Declaring he had investigated nearly every alarmist report, Mr. Cushing asserted "not one of them will stand scrutiny of analysis." He predicted that the consumption of bituminous coal during the coal year beginning last April would not exceed 530,000,000 tons—10,288,000 tons a week.

## Ahead of Schedule

"The present assumption," he continued, "is that unless we reach this average weekly consumption in the early weeks of the coal year we are rushing headlong into a shortage of coal. This has not been true in twenty-five years. It is not true this year. The record of the coal trade and with the exception of 1917 and 1918—war years—we never reached in production a figure equal to the required weekly average production until the middle of August. This year we reached it in the second week in June. Thus our production is eight weeks ahead of schedule. That doesn't look like an impending famine."

He also declared unfounded "alarmist reports that New England, New York City and Chicago had in storage only a two days' supply of coal. An investigation made by the president's coal commission, he said, showed that the total storage for New England, exclusive of the railroads was sufficient for thirty-eight days and that the statement as to conditions in New York and Chicago was "merely a wild guess."

## URGE INTER-CHURCH PLAN BE CONTINUED

NEW YORK, July 8.—The general committee of the Interchurch World Movement met here today to consider the future of the organization, voted to continue the movement on a greatly modified scale. Appointment of a committee of fifteen to confer with representatives of the denominations co-operating in the movement and to recommend a plan of re-organization, was authorized.

The decision of the general committee, which includes representatives of the thirty Protestant denominations in the movement, was reached by adoption of a report of a sub-committee of eleven, headed by Bishop Thomas Nicholson of Chicago.

Bishop Nicholson, in urging continuance of the movement, declared "reactionary tendencies" which he said were shown in the two national political conventions "will be manifest in the churches if we permit this movement to end."

## NINE JURORS SELECTED.

Chicago, July 8.—The ninth juror in the case of William Bross Lloyd, millionaire socialist and 19 others charged with federal conspiracy to overthrow the federal government had been tentatively accepted by both sides today, the fifty second day since the opening of the trial.

## ELKS CLOSED THE BUSINESS SESSION OF ANNUAL CONVENTION

Installation of Officers Pre-  
ceded a Dinner to 1,000  
Members

## STEAKS FROM AN ELK WAS SERVED

CHICAGO, July 8.—B. P. O. E. closed the business sessions of their annual convention today, installed the newly elected officers and decided to launch an immediate membership drive to increase the total of the order's members from 700,000 to 1,000,000.

William M. Abbott of San Francisco, succeeds Frank L. Rain as grand exalted ruler. Milwaukee won the baseball championship of the order from Chicago today by a 16 to 15 score.

In a band contest with nearly 100 organizations competing the band of the Detroit lodge took first money. Milwaukee as second and Atlanta, third.

To carry out the announced plans for an increased membership, the membership committee as increased.

In installation of officers today preceded a dinner to 1,000 members at Morris and Company's plans. Steaks were provided from an elk brought from the west. A dance at Chicago's Municipal Pier provided part of this evening's entertainment.

The Grand Lodge decided to continue for another year at least the work of the order's war relief commission.

Recommendation that 20,000 acres of virgin land be acquired in the Cascade Mountains near Bend, Oregon, to provide a hunting and vacation preserve for Elks, as voted today by the committee on the good of the order.

Final action will be taken at the convention in Los Angeles next year. A report will be made by Irvin Cobb who will inspect the site.

## "BOOTLEG" LIQUOR CAUSE OF DEATH

CHICAGO, July 8.—Private William Pike of New York is held charged with stabbing Private Sam Chessler of Detroit at Port Sheridan while intoxicated. Private Ivan Fox of Galena, Kansas, also is in custody. The stabbing was said to have occurred during a brawl. As a result of the soldier's death, a crusade against "bootleg" liquor purveyors near Fort Sheridan was announced by army authorities.

## MAY HAVE ANOTHER PROHIBITION TICKET

CHICAGO, July 8.—A prohibition ticket may be put in the field again this fall, according to Virgil G. Hinshaw, chairman of the prohibition national committee, who declared today the Democratic and Republican parties "had failed in living up to the standards demanded by American people in forty-five states," in omitting a plank endorsing the eighteenth amendment.

Decision as to a ticket will be made, he said, at the national convention to be opened in Lincoln, Nebraska, on July 21. For the first time one session will be given over to a law enforcement mass meeting. World prohibition will also be discussed and woman's hour will be the theme of another session.

## MILLIONAIRE CREW STARTS BACK HOME

New York, July 8.—The "millionaire crew" which brought the Scandinavian-American Liner Frederick VIII here two weeks ago rolled up to her Hoboken pier in taxicabs and limousines today, went back to stokehole and fore-castle and started back home with the vessel—the first to sail for Copenhagen in five months.

The crew, members of some of the oldest and wealthiest families in Denmark, enlisted for duty during the Copenhagen harbor strike and, like the walkout ended shortly before the Frederick VIII sailed for America, they stuck to their jobs.

## Gov. Cox Visits His Boyhood Home Way Down On the Farm

DAYTON, Ohio, July 8.—Putting aside cares of being a presidential candidate, Governor Cox spent this afternoon on a farm, his boyhood home thirty-six miles from Dayton.

Newspapermen found him with his coat off, roasting potatoes and broiling lamb chops over a camp fire in a small ravine some distance from the old homestead.

His farm manager was with him. Taking the intrusion good naturedly he invited his visitors to share the luncheon but finding it would take more potatoes, chops and sandwiches than he had, he sent one of his men for more. Luncheon finally was served late in the afternoon.

## LA FOLLETTE NOT POPULAR WITH SINGLE TAXERS

Oppose Him as Lead-  
er of Proposed Third  
Party

## THOMPSON TO REMAIN IN G. O. P.

CHICAGO, July 8.—Plans of a group of liberal and radical organizations for one united third party, with candidates for president and vice president in the field, received a setback today when single tax party members announced they would not support Sen. Robert M. LaFollette who is expected to be the choice of the other groups.

The single taxers who arrived today to prepare for their convention, which opens Saturday declared they would bolt the combine and nominate a separate ticket if the majority chose LaFollette.

While the single taxers were threatening to present their own ticket, Amos Pinchot and George L. Record of the committee of 48 were in Madison, Wis., today conferring with LaFollette who has received a majority of a mail straw vote of the party.

The committee of 48 and single tax conventions open Saturday and on Sunday the labor party of the United States, another prospective member of the proposed third party combination, meets here. The National Non-Partisan League, triple alliance of the Northwest, National People's League of Minnesota, World War Veterans and National public ownership league have been invited to send delegates and later endorse the platform and candidates.

"The committee of 48 has a wonderful opportunity to create the long looked for new political party in America," said J. C. Reilly, single tax committeeman from Pennsylvania, but LaFollette will certainly be the wrong one to follow. I do not believe there is one delegate to the single tax party convention who could stomach LaFollette and I am sure those from my own state are against him to a man. LaFollette's political history is replete with the paternalistic or even Socialistic legislation which the single tax party unalterably opposes."

## Thompson Not Interested.

Plans for the committee of forty-eight convention went ahead, however, unaffected apparently. J. A. H. Hopkins, National chairman, opened headquarters in a downtown hotel where the convention will be held, and several score of delegates from a number of states reported. Announcement was made today that Mayor Thompson's faction had abandoned the idea of joining a third party movement in Illinois.

## SENATOR HARDING UNABLE TO ATTEND

Detroit, Mich., July 8.—Senator Harding will be unable to address the Great Lakes-St. Lawrence Tidewater Congress which opens here July 23 and continues three days, owing to the pressure of his campaign plans, he told the board of commerce in a telegram tonight. The senator expressed a deep interest in the lakes-to-ocean project and asked that a complete report of the congress be made available to him.

An invitation was also extended Governor Cox, the Democratic presidential nominee.

make an early reply to the telegram of Richmond P. Hobson, Anti-Saloon League leader of Alabama requesting that he make a definite statement of his position on enforcement of the federal dry amendment and congressional action to modify the Volstead act as to alcoholic content of liquors. It also was intimated he may go to Washington soon for a conference with President Wilson.

Local Democrats say they are satisfied with the nomination of Gov. Cox and that he is the man to unite all factions of the party. That's the real Democratic spirit—strong for the party nom-

inee, regardless of pre-convention differences of opinion.

The Louisiana legislature turned a deaf ear to the appeal of Democratic Candidate Cox for action ratifying the suffrage amendment. But even so, perhaps the purpose of the Ohio governor has been served and he can tell the women of the country about the effort made.

A strike of miners in Illinois yesterday took 1,000 or more workers away from the mines. It is another of those "outlaw" strikes but will nevertheless interfere with production. The wonder is when cars are so scarce and mines are operating only a day or two a week, that the miners now cause this added trouble and further reduce their own incomes.

An effort is being made to reorganize the Interchurch move-

ment and Bishop Nicholson of Chicago heads the committee to which has been entrusted this large and delicate task. There is much in the movement to commend it and it was unfortunate that certain differences over the management resulted in the disaffection of one or two churches and so the loss of a united front. The Interchurch movement to get results must have the sympathetic interest and enthusiasm of the large church interests.

The investigation of campaign expenditure is being continued by the senate committee now sitting in Chicago. More extensive details than outlined before the conventions are now coming to light. It is at least worth while to know that the investigations are being continued with evidence of a desire to disclose all the facts. In the pre-convention days there was the suggestion that the investigation had been begun in the interest of some candidate. Now it appears that the work of inquiry will be quite thorough and some interesting developments are promised. One firm in Bloomington is in answering the question of a

survey, expressed the view that bad road conditions in McLean county cost the firm \$10,000 a year in loss of business. Of course this is an estimate, but if it were reduced 50 per cent and applied in the same proportion to other firms, it is very clear to what immense figures the total would run.

What is true in McLean county is equally applicable here. The day of hard roads is quite far off in the distance and so it behooves the people of the county, thru draining, dragging and oiling, to keep roads in as good condition as possible. Fortunately there has been a great deal of forward movement along this line in recent years and the roadways of Morgan county today are in better condition than ever before.

The Morgan county board has acted wisely in rearranging the election precincts of Morgan county. With the differences that have existed between the city and the county in election districts great confusion has resulted and unnecessary expense has been incurred.

Under the old plan it was possible for a voter to cast his ballot in a different polling place in each succeeding election. It has happened this year that the voter found his polling place different at each of three elections occurring within three months' time. The action of the county board in conjunction with the recommendations of the Republican and Democratic central committees will clarify the situation.

**A VALUED GIFT**  
Every one, almost, knows the zeal and ability manifested by Rev. W. E. Collins, pastor of the Congregational church, in caring for, entertaining and in general promoting the welfare and happiness of the young. Wednesday morning he went on a six miles hike with the boys and held his own with them right along. Not long since he conducted an outing of the Yoajasova girls at Matanzas and when he arrived home Wednesday evening he found awaiting a handsome pair of gold cuff buttons, a present from the young ladies to whose welfare he had been so devoted.

As a very generous rule ministering work for a small financial compensation but affairs like this are certainly some reward for their faithfulness and zeal.

An ordinarily successful minister, and a very good man, reared a family and lived to see them all reach middle age. One son, by devotion to business, superior ability and honorable means acquired a large fortune, but he said:

"Father, your life is the best."

The Inimitable and Dynamic Daredevil of the Screen  
A tale of love, stunts and romance, in which Tom Mix, "who never takes," outdoes his own record of daring stunts. A great picture, written by a great author for a great star. A thrilling story of love and adventure in the primitive west. Another Mix thriller of the west filled with Mix's daredevil stunts. A virile story of the west in which love helps defeat a pair of oil land swindlers. A stirring western story in which the incomparable Mix plays the roles of a cowboy and a bandit. How a happy-go-lucky cowpuncher foils oil land swindlers and wins an heiress. A story in which Tom Mix swings perilously from three buildings and then captures a notorious bandit. An absorbing western story in which a cowpuncher proves he isn't a swindler and wins the girl of his heart. A thrilling story of the days when oil land swindlers and crooks infested the west.

Local Democrats say they are satisfied with the nomination of Gov. Cox and that he is the man to unite all factions of the party. That's the real Democratic spirit—strong for the party nomination, regardless of pre-convention differences of opinion.

The Louisiana legislature turned a deaf ear to the appeal of Democratic Candidate Cox for action ratifying the suffrage amendment. But even so, perhaps the purpose of the Ohio governor has been served and he can tell the women of the country about the effort made.

A strike of miners in Illinois yesterday took 1,000 or more workers away from the mines. It is another of those "outlaw" strikes but will nevertheless interfere with production. The wonder is when cars are so scarce and mines are operating only a day or two a week, that the miners now cause this added trouble and further reduce their own incomes.

An effort is being made to reorganize the Interchurch movement and Bishop Nicholson of Chicago heads the committee to which has been entrusted this large and delicate task. There is much in the movement to commend it and it was unfortunate that certain differences over the management resulted in the disaffection of one or two churches and so the loss of a united front. The interchurch movement to get results must have the sympathetic interest and enthusiasm of the large church interests.

The investigation of campaign expenditure is being continued by the senate committee now sitting in Chicago. More extensive details than outlined before the conventions are now coming to light. It is at least worth while to know that the investigations are being continued with evidence of a desire to disclose all the facts. In the pre-convention days there was the suggestion that the investigation had been begun in the interest of some one candidate. Now it appears that the work of inquiry will be quite thorough and some interesting developments are promised.

One firm in Bloomington in answering the question of a

survey, expressed the view that bad road conditions in McLean county cost the firm \$10,000 a year in loss of business. Of course this is an estimate, but if it were reduced 50 per cent and applied in the same proportion to other firms, it is very clear to what immense figures the total would run.

What is true in McLean county is equally applicable here.

The day of hard roads is quite far off in the distance and so it behooves the people of the county, thru draining, dragging and oiling, to keep roads in as good condition as possible. Fortunately there has been a great deal of forward movement along this line in recent years and the roadways of Morgan county today are in better condition than ever before.

The Morgan county board has acted wisely in rearranging the election precincts of Morgan county. With the differences that have existed between the city and the county in election districts great confusion has resulted and unnecessary expense has been incurred.

Under the old plan it was possible for a voter to cast his ballot in a different polling place in each succeeding election. It has happened this year that the voter found his polling place different at each of three elections occurring within three months' time. The action of the county board in confining the city and city council and in following the recommendations of the Republican and Democratic central committees will clarify the situation.

## Social Events

## M. P. Ladies of Concord

## Sinclair Woman's Club Met in Jacksonville.

The Sinclair Woman's club met yesterday afternoon at the home of Mrs. Bessie Harrison, 235 North Webster avenue. The members of the club motored in from Sinclair and enjoyed a pleasant afternoon. The program follows:

Roll Call—Answered with historical dates.

Paper—The Establishment of the Republic, Mrs. William Richardson.

Patriotic Reading—A Grandmother's Story of Bunker Hill.

After the program a social hour was enjoyed, during which time the hostess served a delicious two course luncheon.

The guests were: Mrs. James Mahon, Mrs. Howard Hodgson, Miss Eva Mortimer and Miss Mabel Robinson.

The next meeting will be held at the home of Mrs. Albert Upchurch, July 21. Miss Irma Fox will be the hostess.

## Ebenezer Gleason and Aid In Joint Meeting.

The Gleaners and the Ladies' Aid society of Ebenezer church met yesterday afternoon at the home of Mrs. Richard Standley in a joint meeting. There was a large attendance of the members of both societies and also a number of visitors present.

The roll call was answered by each one telling what she wished to do during the summer vacation. A very interesting letter from Miss Myra Kirkpatrick, who is doing home missionary work in the mountains of Tennessee, was read.

Each of the ladies present received an empty jar to be filled with fruit for the Wesleyan hospital in Chicago.

After the business session came the following program:

Song, America.

Solo—Miss B. Dewese.

Newspaper—Miss Lula Blackburn.

The next meeting of the Aid will be held at the home of Miss Lula Blackburn.

## Engagement Announced.

The engagement of Miss Rose Ludwig and Mr. Frank Johnson, both prominent young people of Alexander, was announced Thursday afternoon at the home of Mrs. Harold Strawn, southeast of Alexander.

The afternoon was spent in contests and music, prizes being won by Mrs. Mayme Davenport, Misses Margaret Donovan, Mary Hohmann and Rose Ludwig.

Later in the afternoon the guests were invited to the spacious dining room which concealed the secret of the engagement hidden in a huge basket of roses.

The place cards were mounted with pink and white ribbons leading to the basket in the center of the table where the initials R. L. and F. J. and October were found. After many hearty congratulations the hostess served a two course luncheon.

After the luncheon each guest was given a towel to hem and their initials to be embroidered in the corner, then the bride-to-be was presented with twelve handsome and useful towels.

Those present were: Mesdames Mayme Davenport, Kate Rubie, Caroline Patterson, and Harold Strawn, and Misses Mary Hohmann, Elizabeth Bergsneider, Rose, Teresa and Minnie Ludwig, all of Alexander, and Misses Kathryn Hines, Margaret and Helen Donovan of Jacksonville.

### NEWSPAPER MEN TO MEET IN SPRINGFIELD

Newspaper Editors and Publishers to Convene in Capital City July 15 and 16 — Prominent Men to Appear on Program.

Springfield, Ill., July 8.—News-paper editors and publishers from every county in Illinois will attend the annual meeting here July 15 and 16 of the Illinois Press association, according to announcement of James E. McClure, of Carlinville, president of the association.

Some of the most prominent men in the newspaper world have been secured to "talk shop" these two days, Mr. McClure said. Among them will be President Portland Smith of the American Press, John Rogers, publisher of the New York Globe, and Dean Walter Williams of the Missouri University school of journalism. Sessions will be held in the State House. The concluding feature will be a banquet. Twenty former presidents of the association are to surround the speakers' table.

Round table talks are to have a prominent place in the convention program. Of foremost interest will be that under the heading, "The Newspaper Problem." "What is the real situation and what can the Illinois Press association do to relieve it?" is the question to be answered. Other round tables will consider the necessity of editorial organization, and job work, local and foreign advertising and subscription.

Present officers of the organization are James E. McClure, of Carlinville, president; Mrs. John T. Galbraith, Carbondale, vice president; Paul B. Goddard, Washington, second vice president; Charles F. Renick, Woodstock, third vice president; H. L. Williamson, Springfield, secretary, and B. E. Pinkerton, Monmouth, treasurer.

### PLEADED NOT GUILTY

Madison, Wis., July 8.—Two Chicago salesmen living their names as Sam Berger and Selig Joseph, claiming to represent the Prudential Tire Rubber Company of Chicago, pleaded not guilty to a violation of the Wisconsin blue sky law which regulates the sale of stocks and bonds in the superior court today. Failing to furnish \$4,000 bail they went to jail to await trial July 13.

Police officers said that the men got upwards of \$35,000 from Madison business men in a two day stay here.

### TRAVELERS EASTWARD.

Mr. and Mrs. S. F. Hanson and daughter of York, Neb., arrived in the city yesterday evening in their Ford sedan car enroute to Springfield to visit friends. They camped along the way and seemed to enjoy the trip very much.

### SENATE COMMITTEE MOVES TO ST. LOUIS

Hearings of Campaign Expenditures to be Held in Missouri City—Georgia Negro Says Democrats Spent More Than Republicans in That State.

Chicago, July 8.—The senate committee investigating pre-convention campaign expenditures of candidates left tonight for St. Louis where it will resume its hearings tomorrow.

Expenditures in behalf of Attorney General Palmer are scheduled for investigation tomorrow as nearly a score of witnesses, including Edward Goltra, Democratic national committeeman, and Joseph T. Davis, both of St. Louis have been subpoenaed.

Reports that Goltra paid \$3,000 to delegates for expenses to the state convention which was responsible for the ousting of Senator Reed from his national convention seat were said by committee members to be one subject which will be investigated.

Press dispatches from San Francisco today showed that Goltra and Davis are still there but Senator Kenyon said the committee would begin its inquiry into Mr. Palmer's campaign despite their absence.

The committee today finished its hearings in Chicago with the testimony of Henry Lincoln Johnson, Georgia negro, alleged to have received \$9,000 Lowden money who declared supporters of Wood spent more money than Governor Lowden in Georgia and that Democrats spent more than both of the Republicans.

### HORRIBLE CONDITIONS EXIST IN MONTENEGRO

Paris, June 19.—The ministry of Foreign Affairs of Montenegro maintained by Paris by Nicholas, formerly king of that country, has issued an official communique, quoting the newspaper Republique of Belgrade concerning the Serbian occupation of Montenegro. The article says:

"The people of Montenegro are naked and have no shoes. They are too weak to work and earn a living because a majority of the population has had little to eat for the last eight months or more. Many infants are dying and the children in many cases have been unable to go to school because of weakness. This economic misery which is indescribable is aggravated by the regime of the authorities of occupation, maintained by force and corruption. The oppressors, sent by the government of Belgrade, excite the people to anger, then kill them. Those who are not killed are thrown into prison."

### DENOUNCES ALIEN RADICAL AGITATORS

Rio de Janeiro, June 12.—President Pessoa in a message to the National Congress has just denounced alien radical agitators who during the past few months "attempted to promote industrial strikes for their own ends and to destroy the existing social order." Police investigations showed, he said, that the principal agents of these strikes were aliens and that they counselled inhuman and barbarous means, such as the use of bombs, to gain their ends. The president urged that congress should arm the government with laws of defense against these elements. He recommended that the project now before congress regulating the entry of aliens into national territory be promptly passed into law, also the bill relating to anarchist crimes.

Miss Glenna Bailey of Ashland was a shopper in the city yesterday.

Mrs. Roy Hamilton was a traveler from Virginia to the city yesterday.

Garrett Ausmus of the northern part of the county arrived in the city yesterday.

Byron Caldwell made a trip from Franklin to the city yesterday.

Mr. Driggs referred to the meeting last year at Milwaukee, Wis., which he said was controlled thru the votes of teachers of that locality.

### CORRUPT USE OF MONEY IS MENACE

McAdoo Says Use of Money for Campaign Purposes Country's Greatest Menace — Must Not Purchase Presidency.

New York, July 8.—William G. McAdoo, speaking at the dinner of the National League of Masonic Clubs tonight, declared "there is no menace so great to our nation as the corrupt use of money for campaign purposes."

"I was secretary of the treasury for six years and know the harm done by the misuse of money in this way," he said. "I am not talking about Republicans alone, but Democrats as well, for they all look alike to me when they are guilty of spending money in the manner indicated."

He declared campaign contributors would seek their reward in various ways one of which was the reduction of duty on imports. Mr. McAdoo said that "as an American citizen seeking nothing," there were some things about the coming election he would like to refer to. The appointment of the senate committee to investigate expenditures he declared, was one of the "few intelligent things the senate ever did."

"There is one thing America can never stand for," he continued, "and that is the purchase of the presidency of the United States."

### NEW SCHOLARSHIP IS AVAILABLE AT U. OF I.

Urbana, Ill., July 8.—A new senior scholarship and four new fellowships will be available at the University of Illinois next year.

The scholarship was made possible by the Sharples Separator Company. Realizing the importance of the dairy industry in our national affairs and the desirability of encouraging young women to take a more active part in the development of this industry, Mr. P. M. Sharples, president of the Sharples Separator Company of West Chester, Penn., desires to encourage such an interest by the award of a scholarship to be known as the Sharples Prize Scholarship. The amount of the scholarship will be \$500 yearly. It will be awarded to a senior, the young lady to be chosen by a committee from the College of Agriculture faculty.

On January 16, 1920, the Board of Trustees accepted from the U. S. Interdepartmental Social Hygiene Board a sum of \$3,500. The executive faculty of the graduate school has recommended that \$3,000 of this fund be expended in establishing three \$800 fellowships and one \$500 fellowship in chemistry. This recommendation was approved by the board of trustees.

### AUTO TOURISTS.

Mr. and Mrs. J. L. Newhouse and daughter, Darst and Verne of Okmulgee, Oklahoma, traveled through the city yesterday in their auto enroute to the east.

### ART INSTITUTE GIVES SUPPORT TO ARTISTS

Chicago, Ill., July 9.—Artists exhibiting at the Chicago Art Institute the past year have received encouragement thru the museum's delegating one of its staff to stimulate sales. Several pictures sold at \$8,000, one at \$11,000 and another at \$15,000. The total ran into a substantial sum. The man working on sales has been given an assistant during exhibitions.

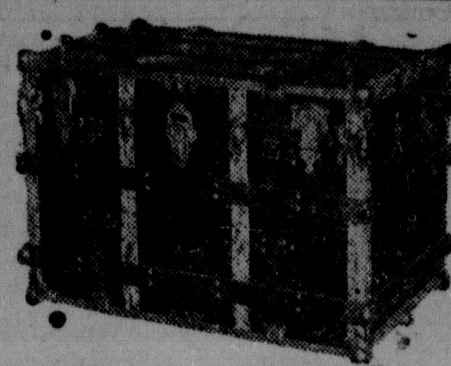

"If we don't support the artists we don't have the art," commented this official reviewing results of the past season.

That the Utahans' votes will carry the business meeting tomorrow for the re-organization plan is disputed almost nowhere.

## ILLINOIS MAN HAS GAINED 37 POUNDS

"It's A Wonderful Medicine one Suffering as I Did to and I Would Advise Any Try It."

"Well, sir, my appetite is so big since I began taking this medicine that the dinner bucket I've been carrying for a long time don't hold enough for me," was the characteristic statement made by A. H. Hill, better known as Gus Hill to his many friends in and about Galesburg, Illinois, recently. Mr. Hill is a painter and paper hanger and lives at 235 South Chambers street.

"No matter where I am I always manage to put in a good word for Tanlac. The reason I feel this way about it is that when I started taking it I was in such a bad fix and now I feel as well as I ever did in my life. I have gained thirty-seven pounds, now weigh one hundred and ninety, and feel as strong as a mule. My stomach had been all out of whack for fifteen years and I don't believe there's any sort of medicine but what I tried. After eating I would bloat up something awful and be in misery for hours. I often had such cramping pains that I would double up like a jack-knife and actually dreaded to eat on account of suffering so afterwards. I hadn't been able to sit down to the table and enjoy a square meal in years."

"My appetite went back on me entirely and lots of days I'd bring my dinner back home with me, hardly touched. But it didn't take 'Tanalac' long to change things right about for me. I could tell after the first few doses it was the right medicine for me. My stomach soon felt better, my appetite picked up, and before long I was able to eat without bloating up and having those awful pains afterwards. Now I can say for Tanlac, I believe it is the most wonderful medicine in the world. I am now eating like a wolf three times a day, eat all my dinner bucket will hold and wish for more, and the good part of it is, my stomach never gives me a particle of trouble. Tanlac has built me up until I never felt better in my life, and I would advise anybody suffering as I did to try it."

Tanalac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.

### NEWSPAPER MEN TO MEET IN SPRINGFIELD

Newspaper Editors and Publishers to Convene in Capital City July 15 and 16 — Prominent Men to Appear on Program.

Springfield, Ill., July 8.—Newspaper editors and publishers from every county in Illinois will attend the annual meeting here July 15 and 16 of the Illinois Press association, according to announcement of James E. McClure, of Carlinville, president of the association.

Some of the most prominent men in the newspaper world have been secured to "talk shop" these two days, Mr. McClure said. Among them will be President Portland Smith of the American Press, John Rogers, publisher of the New York Globe, and Dean Walter Williams of the Missouri University school of journalism.

Sessions will be held in the State House. The concluding feature will be a banquet. Twenty former presidents of the association are to surround the speakers' table.

Round table talks are to have a prominent place in the convention program. Of foremost interest will be that under the heading, "The Newspaper Problem." "What is the real situation and what can the Illinois Press association do to relieve it?" is the question to be answered. Other round tables will consider the necessity of editorial organization, and job work, local and foreign advertising and subscription.

### PLEADED NOT GUILTY

Madison, Wis., July 8.—Two Chicago salesmen giving their names as Sam Berger and Selig Joseph, claiming to represent the Prudential Tire Rubber Company of Chicago, pleaded not guilty to a violation of the Wisconsin blue sky law which regulates the sale of stocks and bonds in the superior court today. Failing to furnish \$4,000 bail they went to jail to await trial July 13.

Police officers said that the men got upwards of \$35,000 from Madison business men in a two day stay here.

### SENATE COMMITTEE MOVES TO ST. LOUIS

Hearings of Campaign Expenditures to be Held in Missouri City—Georgia Negro Says Democrats Spent More Than Republicans in That State.

Chicago, July 8.—The senate committee investigating pre-convention campaign expenditures of candidates left tonight for St. Louis where it will resume its hearings tomorrow.

Expenditures in behalf of Attorney General Palmer are scheduled for investigation tomorrow as nearly a score of witnesses, including Edward Goltra, Democratic national committeeman, and Joseph T. Davis, both of St. Louis have been subpoenaed.

Reports that Goltra paid \$3,000 to delegates for expenses to the state convention which was responsible for the ousting of Senator Reed from his national convention seat were said by committee members to be one subject which will be investigated.

Press dispatches from San Francisco today showed that Goltra and Davis are still there but Senator Kenyon said the committee would begin its inquiry into Mr. Palmer's campaign despite their absence.

The committee today finished its hearings in Chicago with the testimony of Henry Lincoln Johnson, Georgia negro, alleged to have received \$9,000 Lowden money who declared supporters of Wood spent more money than Governor Lowden in Georgia and that Democrats spent more than both of the Republicans.

### HORRIBLE CONDITIONS

#### EXIST IN MONTENEGRO

Paris, June 19.—The ministry of Foreign Affairs of Montenegro maintained by Paris by Nicholas, formerly king of that country, has issued an official communique, quoting the newspaper Republique of Belgrade concerning the Serbian occupation of Montenegro.

"The article says: 'The people of Montenegro are naked and have no shoes. They are too weak to work and earn a living because a majority of the population has had little to eat for the last eight months or more. Many infants are dying and the children in many cases have been unable to go to school because of weakness. This economic misery which is indescribable is aggravated by the regime of the authorities of occupation, maintained by force and corruption. The oppressors, sent by the government of Belgrade, excite the people to anger, then kill them. Those who are not killed are thrown into prison.'

### DENOUNCES ALIEN

#### RADICAL AGITATORS

Rio de Janeiro, June 12.—President Pessoa in a message to the National Congress has just denounced alien radical agitators who during the past few months "attempted to promote industrial strikes for their own ends and to destroy the existing social order." Police investigations showed, he said, that the principal agents of these strikes were aliens and that they counselled inhuman and barbarous means, such as the use of bombs, to gain their ends. The president urged that congress should arm the government with laws of defense against these elements. He recommended that the project now before congress regulating the entry of aliens into national territory be promptly passed into law, also the bill relating to anarchist crimes.

Miss Glenna Bailey of Ashland was a shopper in the city yesterday.

Mrs. Roy Hamilton was a traveler from Virginia to the city yesterday.

Garrett Ausmus of the northern part of the county arrived in the city yesterday.

Byron Caldwell made a trip from Franklin to the city yesterday.

Mr. Driggs returned to the meeting last year at Milwaukee, Wis., which he said was controlled thru the votes of teachers of that locality.

### CORRUPT USE OF MONEY IS MENACE

McAdoo Says Use of Money for Campaign Purposes Country's Greatest Menace — Must Not Purchase Presidency.

New York, July 8.—William G. McAdoo, speaking at the dinner of the National League of Masonic Clubs tonight, declared "there is no menace so great to our nation as the corrupt use of money for campaign purposes."

"I was secretary of the treasury for six years and know the harm done by the misuse of money in this way," he said. "I am not talking about Republicans alone, but Democrats as well, for they all look alike to me when they are guilty of spending money in the manner indicated."

He declared campaign contributors would seek their reward in various ways one of which was the reduction of duty on imports. Mr. McAdoo said that "as an American citizen seeking nothing," there were some things about the coming election he would like to refer to. The appointment of the senate committee to investigate expenditures he declared, was one of the "few intelligent things the senate ever did."

"There is one thing America one can never stand for," he continued, "and that is the purchase of the presidency of the United States."

### NEW SCHOLARSHIP IS AVAILABLE AT U. OF I.

Urbana, Ill., July 8.—A new senior scholarship and four new fellowships will be available at the University of Illinois next year.

The scholarship was made possible by the Sharples Separator Company. Realizing the importance of the dairy industry in our national affairs and the desirability of encouraging young women to take a more active part in the development of this industry, Mr. P. M. Sharples, president of the Sharples Separator Company of West Chester, Penn., desires to encourage such an interest by the award of a scholarship to be known as the Sharples Prize Scholarship. The amount of the scholarship will be \$500 yearly. It will be awarded to a senior, the young lady to be chosen by a committee from the College of Agriculture faculty.

On January 16, 1920, the Board of Trustees accepted from the U. S. Interdepartmental Social Hygiene Board a sum of \$3,500.

The executive faculty of the graduate school has recommended that \$3,000 of this fund be expended in establishing three \$800 fellowships and one \$600 fellowship in chemistry. This recommendation was approved by the board of trustees.

## COUNTY BOARD ADOPTS REDISTRICTING PLAN

Make County and City Districts Conform—Will Avoid Confusion—Expense Also Reduced.

At the regular meeting of the Board of County Commissioners held Saturday, July 3, action was taken whereby the voting districts of Jacksonville precinct will conform with those adopted by the city.

For many years there has been more or less confusion because the districts of the county and city were not the same. A year ago the board made a redistricting of the precincts. However, the division was such that it created more confusion than ever.

With a view of securing the adoption of uniform districts, by

both city and county in the city of Jacksonville the Republican and Democratic county central committees at recent meetings appointed committees to confer with the county board. A like committee was also appointed by Mayor Crabtree from the city council.

While the recent decision of the supreme court threw all of the recently elected committees out of office, they continued to act as citizens and tax payers to secure the desired result.

It was pointed out in the discussion prior to the adoption of the new voting districts that aside from being much more satisfactory to the voters it also would effect a considerable saving to both city and county.

Under the present laws the county and city hold a primary and election each year. It costs each one over \$300 for rentals, the hauling of ballot boxes and booths and other incidentals.

It is the hope of the city and county officials that by working in harmony they can within the course of a few years erect permanent voting buildings equipped with booths. The ballot boxes can then be left in the buildings and the cost of holding elections thus greatly reduced.

Under the redistricting as adopted the county follows the district lines as used by the city. In establishing these lines the city had a poll made of the voters of the city. Then the districts were laid out according to the number of voters as is contemplated by law. This has resulted in a most equitable division and perhaps the best the city has ever had.

Under the old division prior to 1919 Jacksonville precinct had 12 voting districts and the total in the county was thirty one. Under the plan adopted last year eighteen voting districts were made in Jacksonville. This with the divisions made in other parts

of the county made a total of 41 districts. Under the present plan Jacksonville precinct will have twenty voting districts and the county a total of 43 districts. The county board is having a cut made and maps of the new districts will be ready for distribution soon. Citizens without regard to party will approve this action of the county board for it has been almost impossible for a voter to keep track of his voting place when it changed at every election.

The funeral of Charles Lillard was held from the Gillham undertaking parlors at 9 o'clock Thursday morning in charge of the Rev. H. H. DeWitt, pastor of Second Baptist church. The remains were shipped to Mexico, Mo., on the 10:50 Chicago & Alton train where interment will be made.

## VACATION CHURCH SERVICES

The members of the congregational church have decided to have vacation church services during the absence or vacation of their pastor, Rev. W. E. Collins. The plan will be to ask the Sunday school to have its closing hymn at 10:45 which will be the opening hymn for the services. A leader will be chosen for each service which will consist of singing and prayer and an address of perhaps twenty minutes by some one designated. The effort will be to maintain services and at the same time enable all who desire to get to some other church in time to hear the sermon.

## LEAVE FOR LAKE TRIP

Dr. and Mrs. W. B. Young left last evening for Chicago. There they will be joined by Mr. and Mrs. T. C. MacVicar, who are in Chicago attending the Elks convention. They will leave Chicago Friday on the North America for a trip on the Great Lakes and later will journey thru the east visiting New York before their return. They will be gone about three weeks.

## A WORTHY BESTOWAL FOR MERIT

In addition to being a remarkable singer, James Collins, father of the pastor of the Congregational church, excels in practical affairs also. ## NEW POSTAL SALARIES EFFECTIVE JULY 1

Scale Now in Force at Local Office—All Salaries are Boosted.

Employees of the local post office are now working under the new wage scale recently adopted. The new salary schedule became effective July 1 and the men will receive their first pay checks under it July 15.

Clerks salaries now range from \$1,500 to \$1,800. Special clerks receive \$2,000. The superintendent of mails gets \$2,100 and the assistant postmaster \$2,200. The postmaster's salary is also boosted \$200 by the scale and an additional \$100 for an increase in the volume of business.

The minimum for rural carriers is \$1,700 for a 24 mile route and \$40 per year for each additional mile or fraction of a mile of the route.

Only one clerk receives the minimum salary of \$1,400 in the local office. The majority of the clerks and carriers receive the maximum of \$1,800. Under the new scale all bonuses are eliminated.

## NO OPPOSITION TO INCREASED GAS RATES

There was no opposition to the proposed increase in gas rates in Jacksonville at the hearing held before Examiner C. M. Tiney of the State Utility commission at Springfield yesterday. Neither the city or the consumers' representatives present. James K. Knowlton of Peoria, attorney for the McKinley companies appeared for the company.

## INCREASED RATES FOR STORAGE

By a recent ruling the State Utilities commission allowed an increase in rates for storage to the Jacksonville Transfer and Storage company. The increase is slight, being only a few per cent over former charges.

## LOOKED OVER PAVEMENT PLAN

J. C. Trevilla, Consulting Engineer, Talked With City Officials Thursday.

J. C. Trevilla, consulting engineer of St. Louis was a visitor in Jacksonville yesterday and conferred with Mayor Crabtree, City Engineer Henderson and P. J. White, as members of the board of local improvement, and Alderman Chapin of the city council. Mr. Trevilla looked over the plans and specifications of the East State street pavement and said that if the work is properly done that there is no question but what the East State street property owners will have an excellent pavement. Mr. Trevilla was for many years highway commissioner of St. Louis. He has long made a specialty of street paving and road work and is recognized throughout many states as an authority. In more recent years he has served simply as a consultant and also represents a large number of brick manufacturers who make a certain type of wire cut brick for paving purposes.

Mr. Trevilla, the Jacksonville men found, is an expert in his line and his statements were heard with interest.

Mrs. Ellen Merrell and son James have returned from a two weeks' visit with relatives in Kansas City.

## COUNTY BOARD ADOPTS REDISTRICTING PLAN

Make County and City Districts Conform—Will Avoid Confusion—Expense Also Reduced.

At the regular meeting of the Board of County Commissioners held Saturday, July 3, action was taken whereby the voting districts of Jacksonville precinct will conform with those adopted by the city.

For many years there has been more or less confusion because the districts of the county and city were not the same. A year ago the board made a redistricting of the precincts. However, the division was such that it created more confusion than ever.

With a view of securing the adoption of uniform districts by

both city and county in the city of Jacksonville the Republican and Democratic county central committees at recent meetings appointed committees to confer with the county board. A like committee was also appointed by Mayor Crabtree from the city council.

While the recent decision of the supreme court threw all of the recently elected committee-men out of office, they continued to act as citizens and tax payers to secure the desired result.

It was pointed out in the discussion prior to the adoption of the new voting districts that aside from being much more satisfactory to the voters it also would effect a considerable saving to both city and county.

Under the present laws the county and city hold a primary and election each year. It costs each one over \$300 for rentals, the hauling of ballot boxes and booths and other incidentals.

It is the hope of the city and county officials that by working in harmony they can within the course of a few years erect permanent voting buildings equipped with booths. The ballot boxes can then be left in the buildings and the cost of holding elections thus greatly reduced.

Under the redistricting as adopted the county follows the district lines as used by the city. In establishing these lines the city had a poll made of the voters of the city. Then the districts were laid out according to the number of voters as is contemplated by law. This has resulted in a most equitable division and perhaps the best the city has ever had.

Under the old division prior to 1919 Jacksonville precinct had 12 voting districts and the total in the county was thirty one. Under the plan adopted last year eighteen voting districts were made in Jacksonville. This with the divisions made in other parts

of the county made a total of 41 districts. Under the present plan Jacksonville precinct will have twenty voting districts and the county a total of 43 districts.

The county board is having a cut made and maps of the new districts will be ready for distribution soon. Citizens without regard to party will approve this action of the county board for it has been almost impossible for a voter to keep track of his voting place when it changed at every election.

## Funerals

### Lillard.

The funeral of Charles Lillard was held from the Gillham undertaking parlors at 9 o'clock Thursday morning in charge of the Rev. H. H. DeWitt, pastor of Second Baptist church. The remains were shipped to Mexico, Mo., on the 10:50 Chicago & Alton train where interment will be made.

## VACATION CHURCH SERVICES

The members of the congregational church have decided to have vacation church services during the absence on vacation of their pastor, Rev. W. E. Collins. The plan will be to ask the Sunday school to have its closing hymn at 10:45 which will be the opening hymn for the services. A leader will be chosen for each service which will consist of singing and prayer and an address of perhaps twenty minutes by some one designated. The effort will be to maintain services and at the same time enable all who desire to get to some other church in time to hear the sermon.

## LEAVE FOR LAKE TRIP

Dr. and Mrs. W. B. Young left last evening for Chicago. There they will be joined by Mr. and Mrs. T. C. MacVicar, who are in Chicago attending the Elks convention.

## A WORTHY BESTOWAL FOR MERIT

In addition to being a remarkable singer, James Collins, father of the pastor of the congregational church, excels in practical affairs also. During the great world war he was especially capable in the Pembroke navy yard where battleships were constructed for the government and so well were his services appreciated the British government recently bestowed on the gentleman the Imperial service medal which is a great honor.

## VISITORS FROM VIRGINIA

Mr. and Mrs. Henry Conover and children, Mr. and Mrs. Chase C. Savage and daughter, Mrs. Stella Alkire and daughter, Mrs. D. E. King, and Miss Iva Lancaster, all of Virginia and William Gordley of Beardstown were over to the city Wednesday evening and were the guests of Mr. and Mrs. H. A. Breeden in a picnic and good time generally at Nichols park. A bountiful supply of the good things of life were on hand and all present fully enjoyed the occasion.

## A DOUBLE VISIT.

Mr. and Mrs. A. J. Bacon and grandchildren, Edward, Carl and Iva May have gone to Harlan, Iowa, for a visit with friends and relatives. The day after they left a letter came from Mrs. Thomas McDonald of Harlan, that she was coming to visit them here. Mrs. McDonald will be a guest of Mr. and Mrs. Dan May till the return of the other party.

## FINISHED A CONCERT TOUR

Mrs. Lois Baptist Harsh of Peoria is visiting her parents, Mr. and Mrs. L. Baptist of this city. The young lady has recently completed a concert tour of the south where she won high honors by her superior musical talent. She is one of the young people who have gone from Jacksonville to shed a luster on the name of the home place and gain an honest fame themselves.

## NEW POSTAL SALARIES EFFECTIVE JULY 1

Scale Now in Force at Local Office—All Salaries are Boosted.

Employees of the local post office are now working under the new wage scale recently adopted. The new salary schedule became effective July 1 and the men will receive their first pay checks under it July 15.

Clerks salaries now range from \$1,500 to \$1,800. Special clerks receive \$2,000. The superintendent of mails gets \$2,100 and the assistant postmaster, \$2,200. The postmaster's salary is also boosted \$200 by the scale and an additional \$100 for an increase in the volume of business.

The minimum for rural carriers is \$1,700 for a 24 mile route and \$40 per year for each additional mile or fraction of a mile of the route.

Only one clerk receives the minimum salary of \$1,400 in the local office. The majority of the clerks and carriers receive the maximum of \$1,800. Under the new scale all bonuses are eliminated.

## NO OPPOSITION TO INCREASED GAS RATES

There was no opposition to the proposed increase in gas rates in Jacksonville at the hearing held before Examiner C. M. Tiney of the State Utility commission at Springfield yesterday. Neither the city or the consumers' representatives present. James K. Knowlton of Peoria, attorney for the McKinley companies appeared for the company.

## INCREASED RATES FOR STORAGE

By a recent ruling the State Utilities commission allowed an increase in rates for storage to the Jacksonville Transfer and Storage company. The increase is slight, being only a few per cent over former charges.

## MARRIED IN CHICAGO

A license to marry was issued in Chicago yesterday to Miss Charlotte Northrup formerly of this city, now of Concord and Walter L. Miller of Chicago.

## Matrimonial

Loyd-Ensley John Loyd and Miss Myrtle Ensley were united in marriage Thursday afternoon at 2 o'clock by Rev. D. V. Gowdy at his residence.

Mrs. Loyd is the daughter of the daughter of Mr. and Mrs. A. R. Ensley of Knoxville, Tenn., but she has been a resident of Jacksonville for the past seven years during which time she has been a nurse at the Norbury sanatorium.

Mr. Loyd is a son of Mr. and Mrs. S. R. Loyd of Jacksonville and is a farmer at the sanatorium. Mr. and Mrs. Loyd will continue to live in Jacksonville.

## LOOKED OVER PAVEMENT PLAN

J. C. Trevilla, Consulting Engineer, Talked With City Officials Thursday.

J. C. Trevilla, consulting engineer of St. Louis was a visitor in Jacksonville yesterday and conferred with Mayor Crabtree, City Engineer Henderson and P. J. White, as members of the board of local improvement, and Alderman Chapin of the city council.

Mr. Trevilla looked over the plans and specifications of the East State street pavement and said that if the work is properly done that there is no question but what the East State street property owners will have an excellent pavement. Mr. Trevilla was for many years highway commissioner of St. Louis. He has long made a specialty of street paving and road work and is recognized throughout many states as an authority. In more recent years he has served simply as a consultant and also represents a large number of brick manufacturers who make a certain type of wire cut brick for paving purposes.

Mr. Trevilla, the Jacksonville men found, is an expert in his line and his statements were heard with interest.

Mrs. Ellen Merrell and son James have returned from a two weeks' visit with relatives in Kansas City.

### NEWSPAPER MEN TO MEET IN SPRINGFIELD

Newspaper Editors and Publishers from every county in Illinois will attend the annual meeting here July 15 and 16. Prominent men to appear on program.

Springfield, Ill., July 8.—Newspaper editors and publishers from every county in Illinois will attend the annual meeting here July 15 and 16 of the Illinois Press association, according to announcement of James E. McClure, of Carlinville, president of the association.

Some of the most prominent men in the newspaper world have been secured to "talk shop" these two days, Mr. McClure said. Among them will be President Portland Smith of the American Press, John Rogers, publisher of the New York Globe, and Dean Walter Williams of the Missouri University school of journalism. Sessions will be held in the State House. The concluding feature will be a banquet. Twenty former presidents of the association are to surround the speakers table.

Round table talks are to have a prominent place in the convention program. Of foremost interest will be that under the heading, "The Newspaper Problem." "What is the real situation and what can the Illinois Press association do to relieve it?" is the question to be answered. Other round tables will consider the necessity of editorial organization, and job work, local and foreign advertising and subscription.

Present officers of the organization are James E. McClure, of Carlinville, president; Mrs. John T. Galbraith, Carbondale, vice president; Paul B. Goddard, Washington, second vice president; Charles F. Renich, Woodstock, third vice president; H. L. Williamson, Springfield, secretary, and B. E. Pinkerton, Monmouth, treasurer.

### PLEADED NOT GUILTY

Madison, Wis., July 8.—Two Chicago salesmen giving their names as Sam Berger and Selig Joseph, claiming to represent the Prudential Tire Rubber Company of Chicago, pleaded not guilty to a violation of the Wisconsin blue sky law which regulates the sale of stocks and bonds in the superior court today. Failing to furnish \$4,000 bail they went to jail to await trial July 13.

Police officers said that the men got upwards of \$35,000 from Madison business men in a two day stay here.

### TRAVELERS EASTWARD.

Mr. and Mrs. S. F. Hanson and daughter of York, Neb., arrived in the city yesterday evening in their Ford sedan car enroute to Springfield to visit friends. They camped along the way and seemed to enjoy the trip very much.

### SENATE COMMITTEE MOVES TO ST. LOUIS

Hearings of Campaign Expenditures to be Held in Missouri City—Georgia Negro Says Democrats Spent More Than Republicans in That State.

Chicago, July 8.—The senate committee investigating pre-convention campaign expenditures of candidates left tonight for St. Louis where it will resume its hearings tomorrow.

Expenditures in behalf of Attorney General Palmer are scheduled for investigation tomorrow as nearly a score of witnesses, including Edward Goltra, Democratic national committeeman, and Joseph T. Davis, both of St. Louis have been subpoenaed.

Reports that Goltra paid \$3,000 to delegates for expenses to the state convention which was responsible for the ousting of Senator Reed from his national convention seat were said by committee members to be one subject which will be investigated. Press dispatches from San Francisco today showed that Goltra and Davis are still there but Senator Kenyon said the committee would begin its inquiry into Mr. Palmer's campaign despite their absence.

The committee today finished its hearings in Chicago with the testimony of Henry Lincoln Johnson, Georgia negro, alleged to have received \$9,000 Lowden money who declared supporters of Wood spent more money than Governor Lowden in Georgia and that Democrats spent more than both of the Republicans.

### HORRIBLE CONDITIONS EXIST IN MONTENEGRO

Paris, June 19.—The ministry of Foreign Affairs of Montenegro maintained by Paris by Nicholas, formerly king of that country, has issued an official communique, quoting the newspaper Republique of Belgrade concerning the Serbian occupation of Montenegro. The article says:

"The people of Montenegro are naked and have no shoes. They are too weak to work and earn a living because a majority of the population has had little to eat for the last eight months or more. Many infants are dying and the children in many cases have been unable to go to school because of weakness. This economic misery which is indescribable is aggravated by the regime of the authorities of occupation, maintained by force and corruption. The oppressors, sent by the government of Belgrade, excite the people to anger, then kill them. Those who are not killed are thrown into prison."

### DENOUNCES ALIEN RADICAL AGITATORS

Rio de Janeiro, June 12.—President Pessoa in a message to the National Congress has just denounced alien radical agitators who during the past few months "attempted to promote industrial strikes for their own ends and to destroy the existing social order." Police investigations showed, he said, that the principal agents of these strikes were aliens and that they counselled inhuman and barbarous means, such as the use of bombs, to gain their ends. The president urged that congress should arm the government with laws of defense against these elements. He recommended that the project now before congress regulating the entry of aliens into national territory be promptly passed into law, also the bill relating to anarchist crimes.

Miss Glenna Bailey of Ashland was a shopper in the city yesterday.

Mrs. Roy Hamilton was a traveler from Virginia to the city yesterday.

Garrett Ausmus of the northern part of the county arrived in the city yesterday.

Byron Caldwell made a trip from Franklin to the city yesterday.

Mr. Driggs referred to the meeting last year at Milwaukee, Wis., which he said was controlled thru the votes of teachers of that locality.

### CORRUPT USE OF MONEY IS MENACE

McAdoo Says Use of Money for Campaign Purposes Country's Greatest Menace — Must Not Purchase Presidency.

New York, July 8.—William G. McAdoo, speaking at the dinner of the National League of Music Clubs tonight, declared "there is no menace so great to our nation as the corrupt use of money for campaign purposes."

"I was secretary of the treasury for six years and know the harm done by the misuse of money in this way," he said. "I am not talking about Republicans alone, but Democrats as well, for they all look alike to me when they are guilty of spending money in the manner indicated."

He declared campaign contributors would seek their reward in various ways one of which was the reduction of duty on imports. Mr. McAdoo said that "as an American citizen seeking nothing," there were some things about the coming election he would like to refer to. The appointment of the senate committee to investigate expenditures he declared, was one of the "few intelligent things the senate ever did."

"There is one thing America can never stand for," he continued, "and that is the purchase of the presidency of the United States."

### NEW SCHOLARSHIP IS AVAILABLE AT U. OF I.

Urbana, Ill., July 8.—A new senior scholarship and four new fellowships will be available at the University of Illinois next year.

The scholarship was made possible by the Sharples Separator Company. Realizing the importance of the dairy industry in our national affairs and the desirability of encouraging young women to take a more active part in the development of this industry, Mr. P. M. Sharples, president of the Sharples Separator Company of West Chester, Penn., desires to encourage such an interest by the award of a scholarship to be known as the Sharples Prize Scholarship. The amount of the scholarship will be \$500 yearly. It will be awarded to a senior, the young lady to be chosen by a committee from the College of Agriculture faculty.

On January 16, 1920, the Board of Trustees accepted from the U. S. Interdepartmental Social Hygiene Board a sum of \$3,500. The executive faculty of the graduate school has recommended that \$3,000 of this fund be expended in establishing three \$800 fellowships and one \$500 fellowship in chemistry. This recommendation was approved by the board of trustees.

### AUTO TOURISTS.

Mr. and Mrs. J. L. Newhouse and daughters, Darst and Verne, of Okmulgee, Oklahoma, traveled through the city yesterday in their auto enroute to the east.

### ART INSTITUTE GIVES SUPPORT TO ARTISTS

Chicago, Ill., July 9.—Artists exhibiting at the Chicago Art Institute the past year have received encouragement thru the museum's delegating one of its staff to stimulate sales. Several pictures sold at \$8,000, one at \$11,000 and another at \$15,000. The total ran into a substantial sum. The man working on sales has been given an assistant during exhibitions.

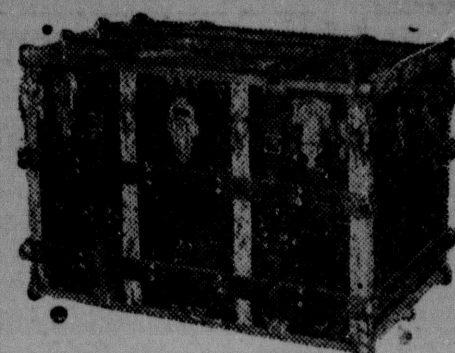

"If we don't support the artists we don't have the art," commented this official reviewing results of the past season.

That the Utahans' votes will carry the business meeting tomorrow for the re-organization plan is disputed almost nowhere.

## ILLINOIS MAN HAS GAINED 37 POUNDS

"It's A Wonderful Medicine one Suffering as I Did to and I Would Advise Any Try It."

"Well, sir, my appetite is so big since I began taking this medicine that the dinner bucket I've been carrying for a long time don't hold enough for me," was the characteristic statement made by A. H. Hill, better known as Gus Hill to his many friends in and about Galesburg, Illinois, recently. Mr. Hill is a painter and paper hanger and lives at 235 South Chambers street.

"No matter where I am I always manage to put in a good word for Tanlac. The reason I feel this way about it is that when I started taking it I was in such a bad fix and now I feel as well as I ever did in my life. I have gained thirty-seven pounds, now weigh one hundred and ninety, and feel as strong as a mule. My stomach had been all out of whack for fifteen years and I don't believe there's any sort of medicine but what I tried. After eating I would bloat up something awful and be in misery for hours. I often had such cramping pains that I would double up like a jack-knife and actually dreaded to eat on account of suffering so afterwards. I hadn't been able to sit down to the table and enjoy a square meal in years."

"My appetite went back on me entirely and lots of days I'd bring my dinner back home with me, hardly touched. But it didn't take Tanlac long to change things right about for me. I could tell after the first few doses it was the right medicine for me. My stomach soon felt better, my appetite picked up, and before long I was able to eat without bloating up and having those awful pains afterwards. Now I can say for Tanlac, I believe it is the most wonderful medicine in the world. I am now eating like a wolf three times a day, eat all my dinner bucket will hold and wish for more, and the good part of it is, my stomach never gives me a particle of trouble. Tanlac has built me up until I never felt better in my life, and I would advise anybody suffering as I did to try it."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.

Chicago, July 8.—The senate committee investigating pre-convention campaign expenditures of candidates left tonight for St. Louis where it will resume its hearings tomorrow.

Expenditures in behalf of Attorney General Palmer are scheduled for investigation tomorrow as nearly a score of witnesses, including Edward Goltra, Democratic national committeeman, and Joseph T. Davis, both of St. Louis have been subpoenaed.

Reports that Goltra paid \$3,000 to delegates for expenses to the state convention which was responsible for the ousting of Senator Reed from his national convention seat were said by committee members to be one subject which will be investigated.

Press dispatches from San Francisco today showed that Goltra and Davis are still there but Senator Kenyon said the committee would begin its inquiry into Mr. Palmer's campaign despite their absence.

The committee today finished its hearings in Chicago with the testimony of Henry Lincoln Johnson, Georgia negro, alleged to have received \$9,000 Lowden money who declared supporters of Wood spent more money than Governor Lowden in Georgia and that Democrats spent more than both of the Republicans.

### HORRIBLE CONDITIONS EXIST IN MONTENEGRO

Paris, June 19.—The ministry of Foreign Affairs of Montenegro maintained by Paris by Nicholas, formerly king of that country, has issued an official communique, quoting the newspaper Republique of Belgrade concerning the Serbian occupation of Montenegro. The article says:

"The people of Montenegro are naked and have no shoes. They are too weak to work and earn a living because a majority of the population has had little to eat for the last eight months or more. Many infants are dying and the children in many cases have been unable to go to school because of weakness. This economic misery which is indescribable is aggravated by the regime of the authorities of occupation, maintained by force and corruption. The oppressors, sent by the government of Belgrade, excite the people to anger, then kill them. Those who are not killed are thrown into prison."

### DENOUNCES ALIEN RADICAL AGITATORS

Rio de Janeiro, June 12.—President Pessca in a message to the National Congress has just denounced alien radical agitators who during the past few months "attempted to promote industrial strikes for their own ends and to destroy the existing social order."

Police investigations showed, he said, that the principal agents of these strikes were aliens and that they counselled inhuman and barbarous means, such as the use of bombs, to gain their ends. The president urged that congress should arm the government with laws of defense against these elements. He recommended that the project now before congress regulating the entry of aliens into national territory be promptly passed into law, also the bill relating to anarchist crimes.

Miss Glenna Bailey of Ashland was a shopper in the city yesterday.

Mrs. Roy Hamilton was a traveler from Virginia to the city yesterday.

Garrett Ausmus of the northern part of the county arrived in the city yesterday.

Byron Caldwell made a trip from Franklin to the city yesterday.

Mr. Driggs referred to the meeting last year at Milwaukee, Wis., which he said was controlled thru the votes of teachers of that locality.

### CORRUPT USE OF MONEY IS MENACE

McAdoo Says Use of Money for Campaign Purposes Country's Greatest Menace — Must Not Purchase Presidency.

New York, July 8.—William G. McAdoo, speaking at the dinner of the National League of Masonic Clubs tonight, declared "there is no menace so great to our nation as the corrupt use of money for campaign purposes."

"I was secretary of the treasury for six years and know the harm done by the misuse of money in this way," he said. "I am not talking about Republicans alone, but Democrats as well, for they all look alike to me when they are guilty of spending money in the manner indicated."

He declared campaign contributors would seek their reward in various ways one of which was the reduction of duty on imports.

Mr. McAdoo said that "as an American citizen seeking nothing," there were some things about the coming election, he would like to refer to. The appointment of the senate committee to investigate expenditures he declared, was one of the "few intelligent things the senate ever did."

"There is one thing America can never stand for," he continued, "and that is the purchase of the presidency of the United States."

### NEW SCHOLARSHIP IS AVAILABLE AT U. OF I.

Urbana, Ill., July 8.—A new senior scholarship and four new fellowships will be available at the University of Illinois next year.

The scholarship was made possible by the Sharples Separator Company. Realizing the importance of the dairy industry in our national affairs and the desirability of encouraging young women to take a more active part in the development of this industry, Mr. P. M. Sharples, president of the Sharples Separator Company of West Chester, Penn., desires to encourage such an interest by the award of a scholarship to be known as the Sharples Prize Scholarship. The amount of the scholarship will be \$500 yearly. It will be awarded to a senior, the young lady to be chosen by a committee from the College of Agriculture faculty.

On January 16, 1920, the Board of Trustees accepted from the U. S. Interdepartmental Social Hygiene Board a sum of \$3,500. The executive faculty of the graduate school has recommended that \$3,000 of this fund be expended in establishing three \$800 fellowships and one \$600 fellowship in chemistry. This recommendation was approved by the board of trustees.

### AUTO TOURISTS.

Mr. and Mrs. J. L. Newhouse and daughters, Darst and Verne, of Kmlugee, Oklahoma, traveled through the city yesterday in their auto enroute to the east.

### ART INSTITUTE GIVES SUPPORT TO ARTISTS

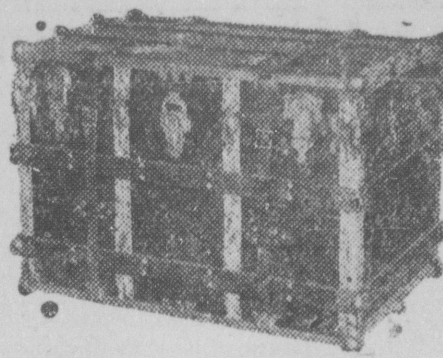

Chicago, Ill., July 9.—Artists exhibiting at the Chicago Art Institute the past year have received encouragement thru the museum's delegating one of its staff to stimulate sales. Several pictures sold at \$8,000, one at \$11,000 and another at \$15,000. The total ran into a substantial sum. The man working on sales has been given an assistant during exhibitions.

"If we don't support the artists we don't have the art," commented this official reviewing results of the past season.

That the Utahans' votes will carry the business meeting tomorrow for the re-organization plan is disputed almost nowhere.

## ILLINOIS MAN HAS GAINED 37 POUNDS

"It's A Wonderful Medicine one Suffering as I Did to and I Would Advise Any-Try It."

"Well, sir, my appetite is so big since I began taking this medicine that the dinner bucket I've been carrying for a long time don't hold enough for me," was the characteristic statement made by A. H. Hill, better known as Gus Hill to his many friends in and about Galesburg, Illinois, recently. Mr. Hill is a painter and paper hanger and lives at 235 South Chambers street.

"No matter where I am I always manage to put in a good word for Tanlac. The reason I feel this way about it is that when I started taking it I was in such a bad fix and now I feel as well as I ever did in my life. I have gained thirty-seven pounds, now weigh one hundred and ninety, and feel as strong as a mule. My stomach had been all out of whack for fifteen years and I don't believe there's any sort of medicine but what I tried. After eating I would bloat up something awful and be in misery for leading drug store in every town."

**CROP CONDITIONS HAVE INTEREST THESE DAYS**

Wheat Nearly All Cut and in the Shock—Present and Future Price Prospects—Condition of Corn and Oats.

Recent weather conditions have been favorable for harvest and the great bulk of the wheat crop in Morgan county has been cut and shocked. It will not be many days until threshing work begins and threshermen are already getting their equipment into shape and organizing their crews. The greatest question in connection with wheat is as to the movement of the grain. Without doubt grain cars are very scarce and there is no where near elevator storage capacity enough in this county to take care of the grain if it is threshed from the shock and then does not move promptly from the elevator to the terminal markets.

Opinions vary as to just how much wheat will be immediately sent in to the elevators from the farms of Morgan county. A. L. French, president of the Farmers State Bank & Trust Co., believes that the movement to the elevators will be very much below normal. Mr. French has this opinion because many farmers are planning either to stack their grain or to put it in storage after it has been threshed.

Others, even the boys on the street are talking about \$5 a bushel for wheat," said Mr. French yesterday. "This means that the stories have come into common circulation that there is a general shortage of wheat and that prices are very certain to be much higher later on." The present price offered by the elevators is \$2.50 per bushel and with the freely circulated stories of the certainty of an advance, as a natural result there will be many farmers found holding back their grain. I believe that a lot of people are going to be fooled about this wheat price and that no great advance is in prospect. At any rate, I feel very confident that wheat will not sell higher than the present quoted price any time this year. There is lots of wheat in the country and records show that elevators in Kansas and some other states in the west are full of grain from last year.

"This condition obtains because of the slow movement. The elevators were unable to get enough cars from the market and so a considerable portion of the 1919 crop can be counted in with the available supply for 1920."

Charles A. Rowe said yesterday that chinch bugs have appeared in some parts of the county in a very formidable way and are doing damage. At his farm just northwest of the city Mr. Rowe has followed the plan of stopping the progress of the chinch bugs with road oil. He uses heavy oil with a sprinkling can and has found that the oil poured upon the ground in a strip two or three inches wide is sufficient to stop the progress of the bugs. It is necessary to pour the oil on a comparatively hard surface, for otherwise it is absorbed so rapidly that little good is accomplished. In this kind of weather it is necessary to renew the oil every day or two.

It is possible to stop the forward movement of chinch bugs in this way and the plan is sometimes followed of so marking the ground with oil that the bugs move toward certain points and they fall into holes dug for the purpose. There they can be easily destroyed with gasoline. This method is advisable when possible because the bugs are thus destroyed. When only the oiled strip is used and the progress of the bugs stopped, they naturally turn to another direction in search of food.

Mr. Rowe has the fear that chinch bugs may prove a much more serious menace to Morgan county crops next year. It is a fact that counties to the south have had much heavier losses from chinch bugs in the past few years than has been true in this county, and unless a definite campaign is taken up to be rid of the bugs, Mr. Rowe is afraid that considerable damage will be done next year.

While the condition of the corn crop in Morgan county is not one for special concern or discouragement, it is a fact that in some parts of the county the condition is below normal. The early spring conditions were very unfavorable for the corn crop. In fields that were low and not well drained the wet weather delayed the spring work. In still other fields the early planted corn was drowned out and replanting was not entirely satisfactory. So it happens that the stand of corn in some parts of the county is not equal to normal. Recent weather conditions have been favorable for growth but at this time it looks as if the crop next fall will not reach up to the highest standards of recent years.

It's a fact that more farmers than ever these days are vaccinating their hogs. Dr. C. E. Scott said yesterday that he was kept busy a great deal of the time in doing this work and other veterinarians are busy along the same lines. Many farmers now count the expense of vaccination as something that must be taken into account in raising hogs. They look upon money spent for vaccination as just a part of the legitimate expense.

It is most satisfactory to have vaccination done at weaning time. The pig at that age seems to recover more quickly than at any other time from the vaccination and the amount of vaccine necessary is not as great as when the pig has taken on a few months' more of growth.

The prospect for oats in Morgan county is very poor. This, however, is not a local condition, for indications in many localities point to a light crop. It is hard to pick out just the special reason for the condition of oats but the season has been unfavorable in several ways and there is no question but that the total yield for the county will be below the average. However, farmers usually do not feel very badly about oat crop conditions. As a rule they plant this crop not for the direct profit there is in it but to keep up crop rotation.

**PLANS STARTED FOR OPENING PLAY GROUND**

Meeting Held Thursday Evening at Independence School—Five Boys Selected Who Will Have Charge of Grounds

The meeting at the Independence school house last evening was a fine success. Aldermen Flynn and McGinnis, together with a goodly number of residents of the vicinity were present and what was especially pleasing there was a good number of boys present.

The president of the park board explained to the boys that it was the desire of the park board to have the larger play ground open. This had been closed on account of the bad conduct of a number of the boys in the neighborhood, but some of them have left town and it is thought that the boys there now will conduct themselves properly.

The boys were told that they were placed upon their honor and requested to name five of their number who would have authority from the park board and the aldermen to require good behavior and be responsible. Those named were: Joseph Blesse, Charles Blesse, Don Palasky, Joseph Sullivan and Joseph Berkery.

The boys have volunteered to clear off the weeds and are to meet the park board again at 7 o'clock Monday evening at the school and state what appliance they want.

The East street lot is to be fenced off and made a tennis court for girls.

Aldermen McGinnis and Flynn made the boys a talk telling them that they were placed on their honor and that they hoped and believed that they would act like gentlemen. It is hoped that the effort being made will meet with fine success.

## COUNTY BOARD ADOPTS REDISTRICTING PLAN

Make County and City Districts Conform—Will Avoid Confusion—Expense Also Reduced.

At the regular meeting of the Board of County Commissioners held Saturday, July 3, action was taken whereby the voting districts of Jacksonville precinct will conform with those adopted by the city.

For many years there has been more or less confusion because the districts of the county and city were not the same. A year ago the board made a redivision of the precincts. However, the division was such that it created more confusion than ever.

With a view of securing the adoption of uniform districts by

both city and county in the city of Jacksonville the Republican and Democratic county central committees, at recent meetings appointed committees to confer with the county board. A like committee was also appointed by Mayor Crabtree from the city council.

While the recent decision of the supreme court threw all of the recently elected committees out of office, they continued to act as citizens and tax payers to secure the desired result.

It was pointed out in the discussion prior to the adoption of the new voting districts that aside from being more satisfactory to the voters it also would effect a considerable saving to both city and county.

Under the present laws the county and city hold a primary and election each year. It costs each one over \$300 for rentals, the hauling of ballot boxes and booths and other incidentals.

It is the hope of the city and county officials that by working in harmony they can within the course of a few years erect permanent voting buildings equipped with booths. The ballot boxes can then be left in the buildings and the cost of holding elections thus greatly reduced.

Under the redistricting as adopted the county follows the district lines as used by the city. In establishing these lines the city had a poll made of the voters of the city. Then the districts were laid out according to the number of voters. This has resulted in a most equitable division and perhaps the best the city has ever had.

Under the old division prior to 1919 Jacksonville precinct had 12 voting districts and the total in the county was thirty one. Under the plan adopted last year eighteen voting districts were made in Jacksonville. With the divisions made in other parts

of the county made a total of 41 districts. Under the present plan Jacksonville precinct will have twenty voting districts and the county a total of 43 districts.

The county board is having a cut made and maps of the new districts will be ready for distribution soon. Citizens without regard to party will approve this action of the county board for it has been almost impossible for a voter to keep track of his voting place when it changed at every election.

## Funerals

### Lillard.

The funeral of Charles Lillard was held from the Gillham undertaking parlors at 9 o'clock Thursday morning in charge of the Rev. H. H. DeWitt, pastor of Second Baptist church. The remains were shipped to Mexico, Mo., on the 10:50 Chicago & Alton train where interment will be made.

### VACATION CHURCH SERVICES

The members of the Congregational church have decided to have vacation church services during the absence or vacation of their pastor, Rev. W. E. Collins. The plan will be to ask the Sunday school to have its closing hymn at 10:45 which will be the opening hymn for the services. A leader will be chosen for each service which will consist of singing and prayer and an address of perhaps twenty minutes by some one designated. The effort will be to maintain services and at the same time enable all who desire to get to some other church in time to hear the sermon.

### LEAVE FOR LAKE TRIP

Dr. and Mrs. W. B. Young left last evening for Chicago. There they will be joined by Mr. and Mrs. T. C. MacVicar, who are in Chicago attending the Elks convention. They will leave Chicago Friday on the North America for a trip on the Great Lakes and later will journey thru the east visiting New York before their return. They will be gone about three weeks.

### A WORTHY BESTOWAL FOR MERIT

In addition to being a remarkable singer, James Collins, father of the pastor of the Congregational church, excels in practical affairs also. During the great world war he was especially capable in the Pembroke navy yard where battleships were constructed for the government and so well were his services appreciated the British government recently bestowed on the gentleman the Imperial service medal which is a great honor.

### VISITORS FROM VIRGINIA

Mr. and Mrs. Henry Conover and children, Mr. and Mrs. Chase C. Savage and daughter, Mrs. Stella Alkire and daughter, Mrs. D. E. King, and Miss Iva Lancaster, all of Virginia and William Gordley of Beardstown were over to the city Wednesday evening and were the guests of Mr. and Mrs. H. A. Broden in a picnic and good time generally at Nichols park. A bountiful supply of the good things of life were on hand and all present fully enjoyed the occasion.

### A DOUBLE VISIT.

Mr. and Mrs. A. J. Bacon and grandchildren, Edward, Carl and Iva May have gone to Havana, Iowa, for a visit with friends and relatives. The day after they left a letter came from Mrs. Thomas McDonald of Harlan, that she was coming to visit them here. Mrs. McDonald will be a guest of Mr. and Mrs. Dan Moy till the return of the other party.

### FINISHED A CONCERT TOUR

Mrs. Lois Baptist Harsch of Peoria is visiting her parents, Mr. and Mrs. L. Baptist of this city. The young lady has recently completed a concert tour of the south where she won high honors by her superior musical talent. She is one of the young people who have gone from Jacksonville to shed a luster on the name of the home place and gain an honest fame themselves.

## NEW POSTAL SALARIES EFFECTIVE JULY 1

Scale Now in Force at Local Office—All Salaries are Boosted.

Employees of the local post office are now working under the new wage scale recently adopted. The new salary schedule became effective July 1 and the men will receive their first pay checks under it July 15.

Clerks salaries now range from \$1,500 to \$1,800. Special clerks receive \$2,000. The superintendent of mails gets \$2,100 and the assistant postmaster \$2,200. The postmaster's salary is also boosted \$200 by the scale and an additional \$100 for an increase in the volume of business.

The minimum for rural carriers is \$1,700 for a 24 mile route and \$40 per year for each additional mile or fraction of a mile of the route.

Only one clerk receives the minimum salary of \$1,400 in the local office. The majority of the clerks and carriers receive the maximum of \$1,800. Under the new scale all bonuses are eliminated.

## NO OPPOSITION TO INCREASED GAS RATES

There was no opposition to the proposed increase in gas rates in Jacksonville at the hearing held before Examiner C. M. Tindley of the State Utility commission at Springfield yesterday. Neither the city or the consumers had representatives present. James K. Knowlton of Peoria, attorney for the McKinley companies appeared for the company.

## INCREASED RATES FOR STORAGE

By a recent ruling the State Utilities commission allowed an increase in rates for storage to the Jacksonville Transfer and Storage company. The increase is slight, being only a few per cent over former charges.

## MARRIED IN CHICAGO

A license to marry was issued in Chicago yesterday to Miss Charlotte Northrup formerly of this city, now of Concord, and Walter L. Miller of Chicago.

## Matrimonial

**Loyd-Endsley**  
John Loyd and Miss Myrtle Endsley were united in marriage Thursday afternoon at 2 o'clock by Rev. D. V. Gowdy at his residence.

Mrs. Loyd is the daughter of the daughter of Mr. and Mrs. A. R. Endsley of Knoxville, Tenn., but she has been a resident of Jacksonville for the past seven years during which time she has been a nurse at the Norbury sanatorium.

Mr. Loyd is a son of Mr. and Mrs. S. R. Loyd of Jacksonville and is a farmer at the sanatorium. Mr. and Mrs. Loyd will continue to live in Jacksonville.

## LOOKED OVER PAVEMENT PLAN

J. C. Trevilla, Consulting Engineer, Talked With City Officials Thursday.

J. C. Trevilla, consulting engineer of St. Louis was a visitor in Jacksonville yesterday and conferred with Mayor Crabtree, City Engineer Henderson and P. J. White, as members of the board of local improvement, and Alderman Chapin of the city council.

Mr. Trevilla looked over the plans and specifications of the East State street pavement and said that if the work is properly done that there is no question but what the East State street property owners will have an excellent pavement. Mr. Trevilla was for many years highway commissioner of St. Louis. He has long made a specialty of street paving and road work and is recognized throughout many states as an authority. In more recent years he has served simply as a consultant and also represents a large number of brick manufacturers who make a certain type of wire cut brick for paving purposes.

Mr. Trevilla, the Jacksonville men found, is an expert in his line and his statements were heard with interest.

Mrs. Ellen Merrell and son James have returned from a two weeks' visit with relatives in Kansas City.

## WHITE HALL FACTORY BEING DISMANTLED

Culbertson Plant Will Soon Be a Thing of the Past—War Veterans Buried at Patterson Cemetery—Other Green County News.

White Hall, July 8.—One factory at White Hall for the manufacture of stoneware is now or soon will be a thing of the past. It is the magnificent Culbertson plant located between the C. & A. and the C. B. & Q. railroads north of Lincoln street, and which in recent years has been known as the Western Stoneware Co. Last week the two shop boilers and all power equipment were removed under the direction of E. S. Barnard and the material shipped to Monmouth. This completes the dismantling of the plant, and Mr. Barnard now awaits action on his bid for wrecking the building. It contains 190,000 feet of lumber and 1,000,000 brick, exclusive of the four kilns, which were torn down some time ago and the brick retailed about town.

This plant was ideally located, and the site has been devoted to the purpose of drain tile and stoneware manufacture since 1870. Here the first drain tile made in White Hall was made by the late David Culbertson. Later the business was incorporated under the name of Culbertson, Smith & Co. In 1905 Mr. Culbertson became sole proprietor, but soon formed the D. Culbertson Stoneware Co., a strictly local concern that did a flourishing business. With the acquisition of the business by the Western Stoneware Co. there was an unfavorable turn in affairs with the failure of that concern, and the plant has been idle for the past eight or ten years except as it was used for emergency or storage

purposes. Several efforts have been made by local people to buy the building, but a balk in the proceedings would occur at the last moment on the part of the reorganized Western Stoneware Co., but there was no hope that the company would resume operations. Now the jig is up so far as the plant ever again becoming a clay manufacturing institution, but even should the plant be wrecked there is left one of the best manufacturing sites in western Illinois. However, there is hope left that there will yet be a favorable turn in affairs before wrecking operations are started, even though the company will see to it that it is not used for clay manufacturing purposes.

**White Hall Notes.**  
Rev. Edgar C. Leake, who conducted a chautauqua at Saint James, Minn., last week, writes: "Having excellent programs and a fine time. Crops look well. Great country. Non-Partisan League rather strong among the farmers. Good rains this week."

Mr. and Mrs. A. L. McCauley of Hotel Stocks, attended a gathering of the McCauley family at the home of J. C. McCauley at Winchester on the 5th in celebration of J. C. McCauley's 39th birthday anniversary. The gathering embraced the entire McCauley family for the first time in several years including Mrs. Estella Coldiron, Harold Coldiron, Mr. and Mrs. H. A. McCauley, all of Chicago; Mrs. David New, Mr. and Mrs. W. J. Peck, Winchester, aside from the White Hall McCauleys. "We sure had a good time," smiled A. L. McCauley as he injected new life into affairs at the Stocks in testimony of the happiness and goodness of the reunion.

W. P. Hitch, secretary of the Pine Tree Cemetery association at Patterson came over to White Hall Tuesday with a report showing that there are forty-five graves of soldiers in this country burying ground, and the list includes one veteran of the Revolution and one of the War of 1812. He brought the revised and completed list over to be incorporated in the honor roll for White Hall and vicinity that was inaugurated this year as a feature of Decoration Day in the form of a printed pamphlet under the auspices of the White Hall Soldiers' Monument association, and the Revolutionary grave furnished by him brings the number of Revolutionary veterans buried in this vicinity up to six, a most remarkable showing. The Patterson cemetery until recently was known as Martin cemetery, and the change to Pine Tree cemetery is slow in becoming fixed in the minds of the people. The change was brought about by incorporation proceedings, there being another Martin cemetery in the state, and Pine Tree was chosen as the name. The trustees are Sherman Hanks, president; J. P. Sherwin, treasurer; Trude Steelman, John Hanks, Herman Bowers and Mr. Hitch. Secretary Hitch realized the importance of the recording and historical work that has been undertaken at White Hall, and cites the fact that the list of soldiers printed in the 1920 Decoration Day pamphlet contained only about half the number of soldier graves at Patterson, and that the Lovelace cemetery was omitted entirely, but publication of the pamphlet brought attention to the discrepancies so forcibly that complete information was obtainable for the 1921 pamphlet. Mr. Hitch realizes as well as anybody that unless some effort at recording is made now much of the information will become lost with the added names of soldiers growing out of the World War, and hopes that the White Hall record will even go farther than recording soldiers and enumerate other historical names and incidents that are valuable information to both the past and the future of this section of Greene county. It might be well to relate in this connection that the White Hall Library association, through the librarian, Miss Nell Strang, has undertaken a compilation of the name and the service record of every White Hall boy who did service in the World War, and this is alone declared by Miss Strang to be a much larger undertaking than she had contemplated, but with the assistance of Sergeant Harry Lyons the list will doubtless be made complete.

Concerning the 1920 Decoration Day pamphlet H. I. Wakeman, secretary to General H. D. Hamilton of New York, writes: "General Hamilton instructs me to acknowledge receipt of the Decoration Day program which you were kind enough to send to him by mail, and which he finds of the greatest personal interest."

Attorney Henry Polk Lowenstein, of Kansas City, writes: "I am in receipt of roster of soldiers in different counties, and am under many obligations to you for your thoroughness in remembering me. I shall file this away for future reference."

Capt. E. R. Lewis of Chicago, raises a point that is disputed by Chaplain J. T. Green of the G. A. R. post, and the matter will be brought up at a meeting of the post this evening. "The only criticism I have to make about the program is in the words 'Decoration Day.' We decorate the soldiers' graves on Memorial Day in memory of what we have done in preserving the nation for us and the world. I am not speaking of this in a feeling of anything but the kindest possible, for the reason that editors, lawyers, doctors, politicians and even the Grand Army men themselves make the same mistake. You must try and keep in touch with the organization that has helped you do this work and see that they will keep it up."

After Capt. Lewis has heard from the G. A. R. post it is more than likely that he will change his mind about the criticism, for Decoration Day comes on May 30, and Memorial Day on the Sunday

### PROMINENT MAN TELLS HOW HE WAS BENEFITED

Says Trutona Gave Him More Relief Than Any Other Medicine Ever Taken.

Decatur, Ill., July 8.—A striking feature of the scores of testimonials given daily, by the grateful users of Trutona, is the large number which come from well-known and prominent people, many of whom have heretofore been disinclined to publicly endorse any preparation. Read what Lewis Drum, a prominent Decatur real estate dealer of 1293 West Forrest avenue, says about Trutona, in the following statement: "For about two years I had been in a run-down condition. My appetite was very poor. Everything I ate seemed to have a sour taste. I knew my system needed toning up, and thinking that I needed something in the way of a tonic, I tried Trutona."

"This medicine has given me splendid results, and I can recommend it as a fine system builder. Trutona has given me more relief than any other medicine I've ever taken."

Such a statement coming from a man of Mr. Drum's business and social standing, should do much to convince the most skeptical that Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve and by the Wyle Drug Co., in Franklin and

### Boudoir talks with Sybel on how cocoa butter corrects facial blemishes

I worried and worried about that eruption on my face. Of course I thought it must have come from my blood until Sybel told me differently.

"Poor blood, my dear! No, not necessarily. Today specialists trace few skin troubles to the blood. Germs that fly about everywhere creep into the pores along with dust and dirt. They thrive because the skin is not properly nourished."

"Skin specialists advise cocoa butter as a skin food, and Coco-Bloom is cocoa butter cream, and it supplies exactly what is needed to make your skin healthy."

## CROP CONDITIONS HAVE INTEREST THESE DAYS

Wheat Nearly All Cut and in the Shock—Present and Future Price Prospects—Condition of Corn and Oats.

Recent weather conditions have been favorable for harvest and the great bulk of the wheat crop in Morgan county has been cut and shocked. It will not be many days until threshing work begins and threshermen are already getting their equipment into shape and organizing their crews. The greatest question in connection with wheat is as to the movement of the grain. Without doubt grain cars are very scarce and there is no where near elevator storage capacity enough in this county to take care of the grain if it is threshed from the shock and then does not move promptly from the elevator to the terminal markets.

Opinions vary as to just how much wheat will be immediately sent in to the elevators from the farms of Morgan county. A. L. French president of the Farmers State Bank & Trust Co., believes that the movement to the elevators will be very much below normal because many farmers are planning either to stack their grain or to put it in storage after it has been threshed.

"Why, even the boys on the street are talking about \$5 a bushel for wheat," said Mr. French yesterday. "This means that the circulation that there is a general shortage of wheat and that prices are very certain to be much higher later on." The present price offered by the elevators is \$2.50 per bushel and with the freely circulated stories of the certainty of an advance, as a natural result there will be many farmers found holding back their grain. I believe that a lot of people are going to be fooled about this wheat price and that no great advance is in prospect. At any rate, I feel very confident that wheat will not sell higher than the present quoted price any time this year. There is lots of wheat in the country and records show that elevators in Kansas and some other states in the west are full of grain from last year.

"This condition obtains because of the slow movement. The elevators were unable to get enough cars from the roads to transport the grain to market and so a considerable portion of the 1919 crop can be counted in with the available supply for 1920."

Charles A. Rowe said yesterday that chinch bugs have appeared in some parts of the county in a very formidable way and are doing damage. At his farm just northwest of the city Mr. Rowe has followed the plan of stopping the progress of the chinch bugs with road oil. He uses heavy oil with a sprinkling can and has found that the oil poured upon the ground in a strip two or three inches wide is sufficient to stop the progress of the bugs. It is necessary to pour the oil on a comparatively hard surface, for otherwise it is absorbed so rapidly that little good is accomplished. In this kind of weather it is necessary to renew the oil every day or two.

It is possible to stop the forward movement of chinch bugs in this way and the plan is sometimes followed of so marking the ground with oil that the bugs move toward certain points and they fall into holes dug for the purpose. There they can be easily destroyed with gasoline. This method is advisable when possible because the bugs are thus destroyed. When only the oil is used and the progress of the bugs stopped, they naturally turn to another direction in search of food.

Mr. Rowe has the fear that chinch bugs may prove a much more serious menace to Morgan county crops next year. It is a fact that counties to the south have had much heavier losses from chinch bugs in the past few

years than has been true in this county, and unless a definite campaign is taken up to be rid of the bugs, Mr. Rowe is afraid that considerable damage will be done next year.

While the condition of the corn crop in Morgan county is not one for special concern or discouragement, it is a fact that in some parts of the county the condition is below normal. The early spring conditions were very unfavorable for the corn crop. In fields that were low and not well drained the wet weather delayed the spring work. In still other fields the early planted corn was drowned out and replanting was not entirely satisfactory. So it happens that the stand of corn in some parts of the county is not equal to normal. Recent weather conditions have been favorable for growth but at this time it looks as if the crop next fall will not reach up to the highest standards of recent years.

It is a fact that more farmers than ever these days are vaccinating their hogs. Dr. C. E. Scott said yesterday that he was kept busy a great deal of the time in doing this work and other veterinarians are busy along the same lines. Many farmers now count the expense of vaccination as something that must be taken into account in raising hogs. They look upon money spent for vaccination as just a part of the legitimate expense.

It is most satisfactory to have vaccination done at weaning time. The pig at that age seems to recover more quickly than at any other from the vaccination and the amount of vaccine necessary is not as great as when the pig has taken on a few months' more of growth.

The prospect for oats in Morgan county is very poor. This, however, is not a local condition, for indications in many localities point to a light crop. It is hard to pick out just the special reason for the condition of oats but the season has been unfavorable in several ways and there is no question but that the total yield for the county will be below the average. However, farmers usually do not feel very badly about oat crop conditions. As a rule they plant this crop not for the direct profit there is in it but to keep up crop rotation.

## KNIGHTS OF PYTHIAS JOINT INSTALLATION

INTERESTING PUBLICATION  
Rev. A. E. Powell, pastor of Unity Presbyterian church at Woodson has issued the June number of the Unity Messenger, a worthy publication in the interests of the church. The front page contains a picture of fifteen of the Unity Workers, well known ladies of the village to the south of us. The number contains some very good articles: "Americanism," "Why go to Church?" "The Reformation," "Family Worship," several articles of local interest and a collection of short articles well chosen.

HAS NEW TRUCK.  
W. K. Myers, who has for a number of years operated a parcel delivery in Jacksonville, replaced his horse drawn vehicle with a Ford truck, which he is using every day for his business. The truck was the gift to Mr. Myers from his brother-in-law.

## PLANS STARTED FOR OPENING PLAY GROUND

Meeting Held Thursday Evening At Independence School—Five Boys Selected Who Will Have Charge of Grounds

The meeting at the Independence school house last evening was a fine success. Aldermen Flynn and McGinnis, together with a goodly number of residents of the vicinity were present and what was especially pleasing there was a good number of boys present.

The president of the park board explained to the boys that it was the desire of the park board to have the larger play ground open. This had been closed on account of the bad conduct of a number of the boys in the neighborhood, but some of them have left town and it is thought that the boys there now will conduct themselves properly.

The boys were told that they were placed upon their honor and requested to name five of their number who would have authority from the park board and the aldermen to require good behavior and be responsible. Those named were Joseph Blesse, Charles Blesse, Don Palasky, Joseph Sullivan and Joseph Berkery. The boys have volunteered to clear off the weeds and are to meet the park board again at 7 o'clock Monday evening at the school and state what appliance they want.

The East street lot is to be fenced off and made a tennis court for girls.

Aldermen McGinnis and Flynn made the boys a talk telling them that they were placed on their honor and that they hoped and believed that they would act like gentlemen. It is hoped that the effort being made will meet with fine success.

## MR. DEGEN'S WILL FILED

The will of the late Fred J. Degen has been filed for record in the office of County Clerk G. L. Riggs. It bears date of Feb. 13, 1920, and the signature was witnessed by Albert Mollenbrok, W. E. Smith and W. E. Thompson. After providing for the payment of debts and funeral expenses, the testator bequeathed \$2,000 to his sister, Mary Kumble, and \$2,000 each to his sisters, Lena and Sophia Degen. He also made a bequest of lot 4 in sub-division of lot 115, etc., Jacksonville, to his sister, Mrs. Mary Kumble, and part of lot 142 in original plat of Jacksonville to his sisters, Misses Lena and Sophia Degen.

These really bequests are subject to the life estate of Mrs. Degen, wife of the testator. After the payment of the bequests made the remainder of the estate is to become the property of Mrs. Degen, who is named to serve as executrix under bond.

**WORKS HARD TO AVERT FLU EPIDEMIC**  
Government and City Health Officials Warn People to Keep Clean.  
Stay Away from People with Coughs and Colds.  
"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.  
Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.  
People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.  
The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.  
He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.  
Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.  
Four three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.  
Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.  
Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Increasing the value of a gift

Add tasteful distinctiveness to an article and you increase its gift value without changing its intrinsic value.

Where numerous gifts are grouped, there are two qualities which stand individual gifts apart,—over apparent costliness and distinctiveness. For one purpose money alone is required. For the other, taste and discrimination. Distinctiveness may be found in a small, less expensive article as well as in higher priced goods. We have both.

will help you do the finest baking possible. Because it is milled by a special slow process from none but first grade hard winter wheat, its quality is always dependable. It is a perfect all-purpose flour.

Such flour naturally costs a trifle more per sack. The grain from which it is milled commands an unusually high premium in the market. In the end, however, it is economical—it produces better, more reliable baking and

## Fred McCulloch's one cornfield brought in \$4,928

What a well-known corn grower says about overalls

LAST year a single field on Fred McCulloch's Iowa farm yielded an 88-bushel-per-acre crop, totaling \$4,928. Fred McCulloch was on the job in that field himself—in overalls every working day. And the kind he wore—and always wears—is Blue Buckle Overalls.

No matter how hard the work is on Fred McCulloch's farm, he's found that Blue Buckles stand the test. And millions of other men, running farms, railroads or machines in factories, have found that Blue Buckles give them solid service on every job they do.

Find out for yourself about Blue Buckles. Test the long-wearing denim cloth, the wide double-stitched seams. Try on a pair. Feel the comfort of the big, roomy Blue Buckle pattern. Blue Buckle Overalls and Coats never bind or rip. Solid workmanship in every detail is bound to give you your money's worth.

All sizes—Men's, Youths', Children's. Ask your dealer today for Blue Buckles.

"Ploughing—reaping—no matter what the farm work—Blue Buckles are the overalls to wear."  
(Signed) Fred McCulloch

## WHITE HALL FACTORY BEING DISMANTLED

Culbertson Plant Will Soon Be a Thing of the Past—War Veterans Buried at Patterson Cemetery—Other Green County News.

White Hall, July 8.—One factory at White Hall for the manufacture of stoneware is now or soon will be a thing of the past. It is the magnificent Culbertson plant located between the C. & A. and the C. B. & Q. railroads north of Lincoln street, and which in recent years has been known as the Western Stoneware Co. Last week the two shop boilers and all power equipment were removed under the direction of E. S. Barnard and the material shipped to Monmouth. This completes the dismantling of the plant, and Mr. Barnard now awaits action on his bid for wrecking the building. It contains 190,000 feet of lumber and 1,000,000 brick, exclusive of the four kilns, which were torn down some time ago and the brick retailed about town.

This plant was ideally located, and the site has been devoted to the purpose of drain tile and stoneware manufacture since 1870. Here the first drain tile made in White Hall was made by the late David Culbertson. Later the business was incorporated under the name of Culbertson, Smith & Co. In 1905 Mr. Culbertson became sole proprietor, but soon formed the D. Culbertson Stoneware Co., a strictly local concern that did a flourishing business. With the acquisition of the business by the Western Stoneware Co. there was an unfavorable turn in affairs with the failure of that concern, and the plant has been idle for the past eight or ten years except as it was used for emergency or storage

purposes. Several efforts have been made by local people to buy the building, but a balk in the proceedings would occur at the last moment on the part of the reorganized Western Stoneware Co., but there was no hope that the company would resume operations. Now the jig is up so far as the plant ever again becoming a clay manufacturing institution, but even should the plant be wrecked there is left one of the best manufacturing sites in western Illinois. However, there is hope left that there will yet be a favorable turn in affairs before wrecking operations are started, even though the company will see to it that it is not used for clay manufacturing purposes.

## Boudoir talks with Sybel on how cocoa butter corrects facial blemishes

I worried and worried about that eruption on my face. Of course I thought it must have come from my blood until Sybel told me differently.

"Poor blood, my dear! No, not necessarily. Today specialists trace few skin troubles to the blood. Germs that fly about everywhere creep into the pores along with dust and dirt. They thrive because the skin is not properly nourished.

"Skin specialists advise cocoa butter as a skin food, and Coco-Bloom is cocoa butter cream, and it supplies exactly what is needed to make your skin healthy."

## WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

**GOT PAIR OF SHOES**  
On the Fourth Hugh Green sent up a toy balloon with one of his cards attached and a note saying that if the finder would return it to Heppner shoe store he would give a pair of \$10.00 tennis shoes. Tuesday a young fellow came in and claimed the shoes.

## HAVE FENCED RESERVOIR

E. H. Gray, general manager of the Jacksonville Railway and Light Company responded promptly to the request of the city council to place the reservoir in the rear of the company's ice plant in a safe condition. Workmen have completed the placing of a wire fence around the reservoir and now it will be considerable trouble for anyone to fall into it.

## Increasing the value of a gift

Add tasteful distinctiveness to an article and you increase its gift value without changing its intrinsic value.

Where numerous gifts are grouped, there are two qualities which stand individual gifts apart—over apparent costliness and distinctiveness. For one purpose money alone is required. For the other, taste and discrimination. Distinctiveness may be found in a small, less expensive article as well as in higher priced goods. We have both.

## Fred McCulloch's one cornfield brought in \$4,928

What a well-known corn grower says about overalls

LAST year a single field on Fred McCulloch's Iowa farm yielded an 88-bushel-per-acre crop, totaling \$4,928. Fred McCulloch was on the job in that field himself—in overalls every working day. And the kind he wore—and always wears—is Blue Buckle Overalls.

No matter how hard the work is on Fred McCulloch's farm, he's found that Blue Buckles stand the test. And millions of other men, running farms, railroads or machines in factories, have found that Blue Buckles give them solid service on every job they do.

Find out for yourself about Blue Buckles. Test the long-wearing denim cloth, the wide double-stitched seams. Try on a pair. Feel the comfort of the big, roomy Blue Buckle pattern. Blue Buckle Overalls and Coats never bind or rip. Solid workmanship in every detail is bound to give you your money's worth.

All sizes—Men's, Youths', Children's. Ask your dealer today for Blue Buckles.

"Ploughing—reaping—no matter what the farm work—Blue Buckles are the overalls to wear."  
(Signed) Fred McCulloch

will help you do the finest baking possible. Because it is milled by a special slow process from none but first grade hard winter wheat, its quality is always dependable. It is a perfect all-purpose flour.

Such flour naturally costs a trifle more per sack. The grain from which it is milled commands an unusually high premium in the market. In the end, however, it is economical—it produces better, more reliable baking and

## Daily Market Report

### STOCK MARKET

#### ACTIVE AND STRONG

NEW YORK July 8.—The stock market was fairly active and strong again today altho falling somewhat below yesterday's expansive operations but in volume and variety of dealings. Movements of leaders were influenced to a greater degree by intermittent profit-taking.

Pools dominated trading this being clearly demonstrated by the further prominence of selected stocks as against the irregular trade of representative shares but there were indications of renewed absorption of rails especially the junior speculative issues.

Sales amounted to 775,000 shares. Public interest locally was light but commission houses reported further signs of a July re-investment demand from out of town. The success of the Swiss loan stimulated interest in the forthcoming offering by a banking syndicate of \$60,000,000 or Armour and Co. ten year 7 per cent convertible notes. There was again a visible dearth of time funds but call money continued to ease on an enlarged supply. The opening quotations of 7 per cent which held thruout the session was the lowest in many weeks.
